ROMA II FREESTANDING BIO ETHANOL FIRE

With its timeless design this magnificent fireplace is a self-contained piece of furniture, which will fit practically everywhere, bringing instant warmth and classy look.

It can be placed against a flat wall and easily moved as it has no fixings. It is just like a chest of drawer. Move it from room to room or take it with you when you move to another property.

FEATURES:

- Full Fireplace suite, complete with stunning smooth finish wooden surround in light cream colour
- Fully adjustable 1–1.3L Bio Ethanol Fuel Burner
- Built-in Fragrance Diffuser allowing you to use our collection of 7 sophisticated fragrances for bio fires, including our realistic Blazing Wood Fire scent
- Heat output: 1–3kW (regulated)
- Burning time per refill: 3-6h
- Dimensions: 1190 W, 108 H, 38 D cm
- Complete set, including a set of ceramic logs and coals
- No assembling! The fire arrives in one piece, as you see it!

Fully adjustable burner

A short note to say thank you for describing the Roma II, giving measurements and processing this bio ethanol fire which I had never seen before! You promised it would be in before Christmas and you delivered your promise. The pleasure my new fire and surround gives me can not be measured in my grade II listed mill apartment in Yorkshire where all energy is electric.

Michelle S

As I live in Scotland it was difficult to see it and I was a bit worried to order it blindly. I was pleasantly surprised when I received it — the quality and the flame was stunning. I have a Neo Georgian house and the design complements my interior so it just fits in perfectly! Sorry for all my questions initially but this was well worth it. The fire has been one of my best purchases for a long time!! Thanks again!

Anne Robins

- 380 mm
- 100% HEAT EFFICIENT
- EASY USE
- NO MESS OR SMOKE
