Fit Sheet Photo Instructions

1. Print out your updated FIT SHEETS.
 - Make sure scale is set to 100%
 - Measure printed grid in millimeters if unsure.
2. Grab some tape for securing the FIT SHEETS.
 - Fold back corner of FIT SHEETS against a wall.
 - Place back edge of FIT SHEETS on fold line (Ideally the wall doesn't have trim, but is a flat 90 degree angle)
 - FIT SHEETS should be shoulder width distance apart.
3. Tape down FIT SHEETS on outer corners.
 - Gently Place feet inside the curves, with your heels touching the wall
 - Gently Place feet inside the curves, with your heels touching the wall
 - Gently splay toes
 - Make sure the FIT SHEETS don't wrinkle.
 - Don't lean forward or backward
 - Have weight evenly distributed between feet
 - Take a top down picture with your phone camera from near your belly button.
 - Aim camera straight down.
 - Make sure photo isn't blurry.
 - Wall and heel should be slightly visible.
