

CLASSIC  
NUDE  
COLLECTION

MADE IN ITALY,  
DESIGNED FOR THE WORLD.

Bella | Ha is a mission-driven, travel-inspired luxury goods company that makes beautifully crafted Italian-made shoes that give back. Each collection of Bella | Ha shoes is inspired by, and benefits an area of the world in need.

The sale of shoes has sent Solar Suitcases to Vietnam and Tanzania and we will continue spreading light to birth clinics all over the world.

# A TIMELESS ICON

Our Classic Nude Collection is meticulously crafted by a family of shoemakers in Florence, Italy using the highest quality materials. While luxuriously thin, these are incredibly comfortable. The bespoke leather colors are exclusive to Bella | Ha and this collection has a palette that is inspired by the beautiful skin tones of the world.

We are all different  
and that is beautiful.

# MAKE A STATEMENT

When you look past the beauty of our differences,  
it is not the color of our skin that makes us different.  
It's the color of our thoughts.

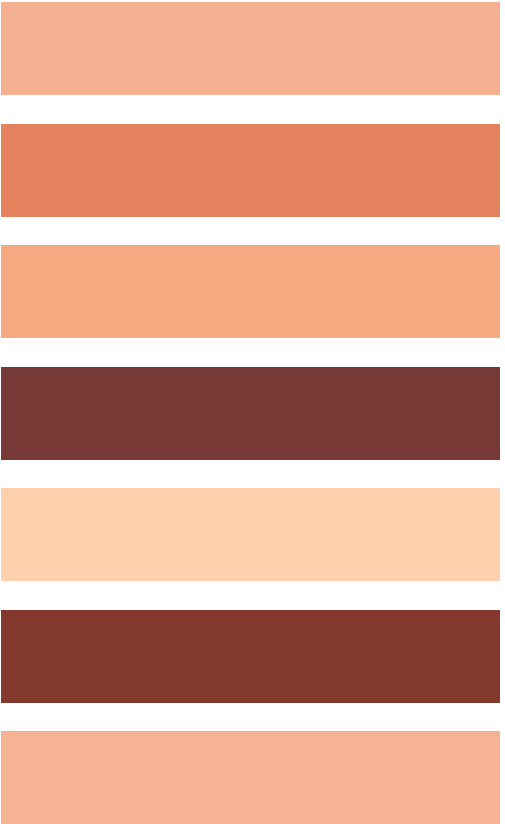

Our Classic Nude Collection is hand stitched Italian leather in seven colors exclusive to Bella | Ha with a palette that is inspired by the beautiful skin tones of the world.

Made in Florence, Italy, the technically designed luxuriously thin sole weighing 300g and measuring 5mm provides incredible comfort and is proprietary to Bella | Ha.

The Italian leather insole and the recycled rubber sole are laser stamped with the Bella | Ha logo, as is the nickel free stud found on the leather lined upper.
