What our customers say

We were looking for a premium sustainable golf towel for The 150th Open, and we're glad we chose to work with Bando. The towels sold through exceptionally well, and together we've saved over 1,100kg of ocean-bound plastic in the last two years.

Matt Tomlinson, Head of Retail, The R&A

We've put in a handful of orders with Bando since 2022, and now they're a staple in our corporate offering. The team are easy to work with, and the product looks amazing and performs very well, but most importantly it makes a great impression on our guests.

Matt Tomlinson, Managing Director, MASHIE Golf UK

With the Manors re-brand launch in 2023, we wanted to gift our guests a premium and sustainable golf towel, that mirrored our values in both creativity and quality. The towels were turned around in a matter of weeks, and ready for our guests to use in St Andrews.

Nick Watts, Product Director, Manors Golf

1kg collected for every product sold

Better gifting for a better planet

In February 2022, we merged profit and purpose together and launched our '1 for 1kg' initiative, where we fund the collection of 1kg of ocean-bound plastic for every product we sell through our partners EcoWorld. So far we've funded the collection of:

11,443

Bando products sold
to date

11,443kg

Ocean-bound plastic
collected

400,505

Equivalent number of
plastic bottles collected

Our collaboration with Bando has not only allowed us to expand our efforts in cleaning up our beaches but has also raised vital awareness for the plastic problem. Bando's commitment to merging profit with purpose sets a commendable example for other businesses, and we hope to see more start-ups follow suit. Together, we're making a tangible difference in protecting our planet for future generations.

Steve Trott

EcoWorld

From plastic to performance

At Bando, we're proud to weave stories and sustainability together. Our towels feature post-consumer materials certified by the Global Recycling Standard, embracing eco-friendly practices for a cleaner future.

Towels made from post consumer recycled plastic (RPET).

All materials are GRS certified.

Reduced labelling and reusable packaging.

Quality in every detail

The word quality is losing its quality. Today, even the cheapest products on the market use empty claims about being well made or long lasting.

At Bando nothing is left to chance, there's quality in every detail.

85% recycled materials

Environmentally friendly inks

On-demand manufacturing

Reduced labelling

Reduced waste
