ABOUT US

*Reviving Ancient Wisdom, Healing
The Modern World*

WHO WE ARE

Atreya Ayurvedic Medical College, Hospital, and Research Centre - a premier institute that blends ancient wisdom with modern technology to offer holistic healthcare solutions. Our institution stands tall as a beacon of excellence in Ayurvedic education, patient care, and research. We strive to provide our students with the best education, our patients with the best care, and our researchers with the best resources to push the boundaries of Ayurvedic science. Join us on a journey to rediscover the wonders of Ayurveda and experience the healing power of nature.

- Premier institute for Ayurvedic education, healthcare, and research.
- Committed to promoting Ayurveda as a holistic system of medicine and providing quality healthcare services to patients.

MISSION & VISION

MISSION

The mission of our institution is to provide value-based education, molding the young aspirants of Ayurveda with an insight of justified judgment strengthened by science and spirituality, facilitating them to practice and preach, the science of Ayurveda so that their diligent pursuit of progress and prosperity in life is accomplished to serve selflessly the global human community with excellent healthcare.

VISION

Creation of a generation eager to propagate, globally, the essence of Ayurveda in health protection, promotion, disease prevention and management, emulating themselves before the community with Ayurvedic health care.

2003

The establishment of a health care organization in Dodaballapura, Bangalore district of Karnataka by Dr. Prashanth S Acharya, an eminent Ayurvedic practitioner, to serve the rural population.

2006

The Atreya Ayurveda Medical College, Hospital and Research Centre was conceptualized by **Dr. Prashanth S Acharya**, with the aim of providing quality healthcare through a cluster of professionals. The institution was established as a nucleus to nurture excellence in all aspects of healthcare.

Present

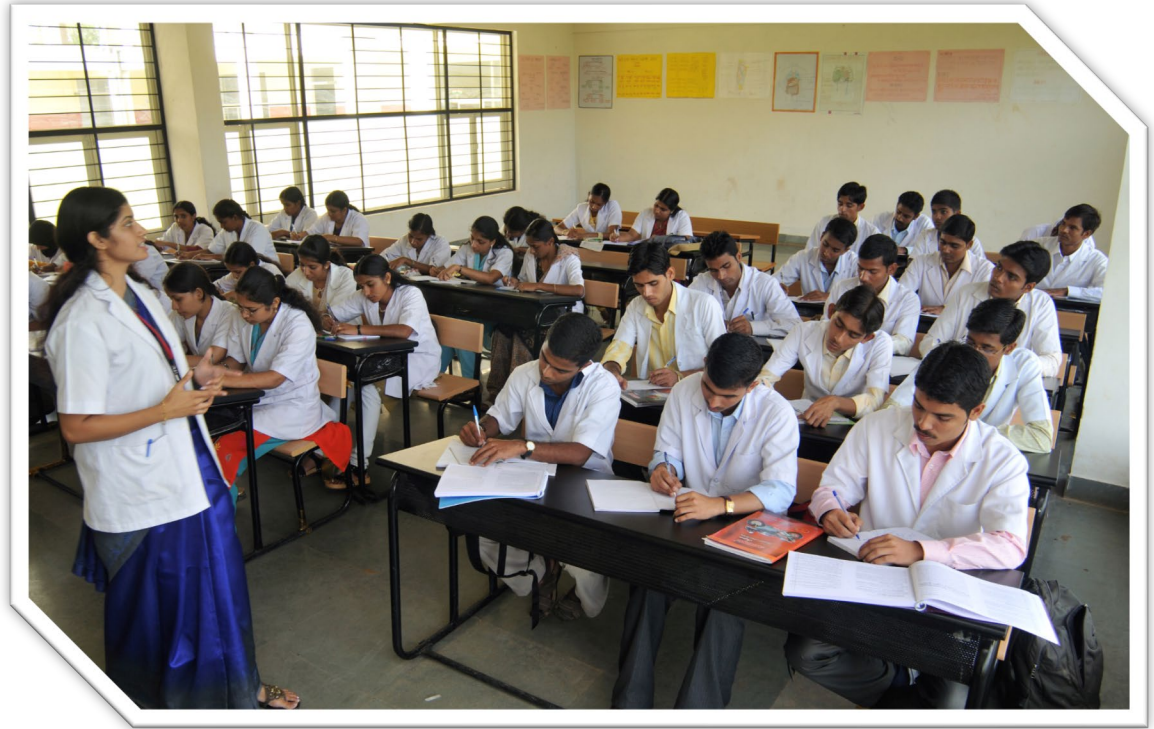

Atreya Ayurveda Medical College, Hospital and Research Centre has become a multifaceted educational movement pursuing various service initiatives. The institution provides value-based learning of Ayurveda, the ancient science of life, amidst the intrinsic delight impressed with the healing touch of nature in the historical town of Karnataka, Dodaballapura.

THE EVOLUTION

02 COURSES OFFERED

*Enrich Your Life with the Wisdom of
Ayurveda*

B.A.M.S DEGREE COURSE

Atreya Ayurvedic Medical College, Hospital, and Research Centre offers undergraduate courses in Ayurvedic Medicine - Bachelor of Ayurvedic Medicine and Surgery (BAMS).

DURATION

4 years and 6 months

SEATS

100

INTERNSHIP

1 year

The Bachelor of Ayurvedic Medicine and Surgery (B.A.M.S) degree is 4 and a half year course with 1-year compulsory internship that is recognized by the Central Council of Indian Medicine. At Atreya Ayurvedic Medical College, students can also opt for other programs designed to develop life skills and better exposure to Ayurvedic practices abroad, such as the "Finishing School" program in collaboration with recognized institutions in Singapore and European countries. While the Finishing School program is optional, the 1-year internship is mandatory for all B.A.M.S students.

COLLEGE FACILITIES

LABORATORIES

At Atreya Ayurvedic Medical Hospital, students have access to a fully equipped dissection theatre, modern physiology, analytical and pharmacognosy labs, as well as a pathology laboratory and high-tech central laboratory in the hospital.

HOSTEL

Spacious and furnished hostel facilities are made available for the students, separate for boys and girls, with complete basic requirements, essential hygiene and healthy food.

PHARMACY

Atreya Ayurvedic Medical College's pharmacy provides practical training and bulk manufacturing of standardized herbal and Herbo-mineral preparations, with a separate training section accommodating 50 students.

DIGITAL ACCESS

Atreya Ayurvedic Medical College has a well-equipped digital library with extensive resources including journals, e-books, and databases readily available to students and staff.

LIBRARY

Atreya Ayurveda Medical College's central and departmental libraries offer extensive resources to students and staff with over 11,000 books, traditional manuscripts, and recent editions of reference books, convenient borrowing facilities, and subscriptions to periodicals on all subjects related to teaching and research interests.

CLASSROOMS

At Atreya Ayurvedic Medical College, students benefit from spacious, well-equipped classrooms, a separate seminar hall for academic sessions and celebrations, delicious canteen meals, and a sports ground to ensure their physical health.

MUSEUMS

Each department has attached museums where more than 500 specimens are categorized and preserved for better understanding of students in the identification and importance of each in health care.

HERBAL GARDEN

Atreya Ayurvedic Medical College has a 2-acre botanical garden of more than 1500 plants in over 500 species, some rare and endangered, serving as the primary source of raw drugs for the hospital's pharmacy.

DEPARTMENTS

SAMHITA SIDDHANTA

The Department of Basic Principles is dedicated to the study and dissemination of Samhita Siddhanta, a foundational text in Sanskrit that encompasses the fundamental principles and doctrines of various disciplines. Through extensive research and scholarly pursuits, the department strives to preserve and promote the rich heritage of Sanskrit and its profound impact on diverse fields of knowledge.

SHAREERA KRIYA

The Department of Shareera Kriya focuses on the intricate understanding of human physiology and anatomical functions according to ancient Ayurvedic principles. Through rigorous study and research, the department explores the interplay between physical structures and physiological processes to enhance holistic healthcare practices.

SHAREERA RACHANA

The Department of Shareera Rachana focuses on the study of human anatomy and structural aspects of the body, providing essential knowledge for various branches of Ayurvedic medicine.

DRAVYAGUNA

The Department of Dravyaguna explores the vast world of medicinal plants and their therapeutic properties, playing a vital role in identifying, classifying, and understanding the pharmacological aspects of herbs and natural substances used in Ayurvedic treatments.

RASASHASTRA & BHAISHAJYA KALPANA

The Department of Rasa Shastra & Bhaishajya Kalpana delves into the science of mineral and herbo-mineral preparations, their purification methods, and the formulation of Ayurvedic medicines, ensuring the safety and efficacy of therapeutic compounds.

ROGA NIDAN AVAM VIKRITIVIGYAN

The Department of Roga Nidhan & Vikriti Vijnana focuses on the diagnosis and understanding of diseases, studying their etiology, pathology, and classification in order to provide effective treatment strategies.

DEPARTMENTS

SWASTHA VRITTA

The Department of Swasthavritta emphasizes the principles and practices of preventive medicine, focusing on promoting and maintaining overall health and well-being through lifestyle modifications, diet, and holistic approaches.

AGADA TANTRA

The Department of Agada Tantra specializes in toxicology and antidote therapies, studying the effects of various toxins and poisons on the body and developing methods to counteract their harmful effects.

PRASOOTI TANTRA & STRI ROGA

The Department of Prasooti Tantra & Stri Roga deals with the comprehensive study of obstetrics, gynecology, and women's health, encompassing all aspects of pregnancy, childbirth, and women's reproductive disorders.

KAUMARABHRITYA

The Department of Kaumara Brithya focuses on pediatric medicine and child care, addressing the health concerns of infants, children, and adolescents through specialized diagnostic and therapeutic techniques.

KAYACHIKITSA

The Department of Kayachikitsa concentrates on internal medicine, offering a holistic approach to the diagnosis, treatment, and management of various diseases and disorders affecting different systems of the body.

SHALYA TANTRA

The Department of Shalya Tantra specializes in surgical interventions, encompassing a wide range of surgical techniques and procedures for treating various ailments and injuries.

DEPARTMENTS

SHALAKYA TANTRA

The Department of Shalaky Tantra focuses on the diagnosis and treatment of diseases related to the head, eyes, ears, nose, and throat, utilizing both surgical and non-surgical methods.

PANCHAKARMA

The Department of Panchakarma explores the profound detoxification and rejuvenation therapies of Ayurveda, offering comprehensive knowledge and training in the five therapeutic procedures that eliminate toxins and restore balance in the body.
