Dear Palesa Pads Foundation,

We hereby confirm that the students at Nancefield Primary School are from disadvantaged backgrounds. Many of the female learners in our school struggle to afford sanitary pads on a monthly basis, and this results in them being absent from school up to 5 days per month. This has a negative impact on their ability to learn and excel.

We have heard about Palesa Reusable Sanitary Pads, and we feel this would be a great solution for our girls as they will not need to purchase disposable sanitary pads every month. Disposable sanitary pads also cause other issues at our school such as blocked toilets, so we are looking forward to a sustainable menstrual hygiene solution.

We have the following number of female learners in our school:

Grade 4	<input type="text" value="63"/>	Grade 5	<input type="text" value="65"/>	Grade 6	<input type="text" value="69"/>	Grade 7	<input type="text" value="61"/>
Grade 9	<input type="text"/>	Grade 10	<input type="text"/>	Grade 11	<input type="text"/>	Grade 12	<input type="text"/>

Below are the address and contact details for our school Mrs XS Mabasa 0825525151

School representative name and contact details: Mrs MA Arends 0612750057

Physical Address: Cnr Ascot and Dartmoor Streets

Eldorado Park Ext 7

**NANCEFIELD PRIMARY SCHOOL**

If possible, we would appreciate a visit from the Palesa Pads team to show the girls how to use their pads.

Yours faithfully,
