Manutenzione e consigli utili

Helpful tips | Conseils utiles | Pflegetipps

LONTANO DA FONTI DI CALORE

Mantenere il mobile ad almeno un metro dalle fonti di calore dirette;

AMBIENTE TEMPERATO

Mantenere il mobile in un ambiente temperato (15-20 °C);

NO PRODOTTI A BASE ALCOLICA

Per la pulizia utilizzare uno straccio umido, senza prodotti a base alcolica;

IL LEGNO DEVE RESPIRARE

Non coprire i piani dei tavoli con tovaglie sintetiche: il legno è materia viva e ha bisogno di respirare;

NO FONTI DI CALORE DIRETTE

Non appoggiare direttamente fonti di calore sui mobili;

CERA D'API

Applicare ogni 6 - 12 mesi della cera d'api naturale e trasparente per un autonomo e semplice intervento preventivo, così da ravvivare, nutrire e proteggere il legno.

FAR FROM HEAT SOURCES

Keep the furniture at least 1 meter far from direct heat sources;

MILD ENVIRONMENT

Put it in a mild environment (15-20°C);

NO ALCOHOLIC PRODUCTS

Use a wet cloth, without any alcoholic products to clean it;

WOOD NEEDS TO BREATHE

Don't cover the table tops with synthetic tablecloths: wood needs to breath;

NO DIRECT HEAT SOURCES

Don't put heat sources directly on the furniture;

BEE-WAX

Every 6-12 months use a natural and transparent bee-wax as a simple and autonomous prevention. In this way you can rekindle, nourish and protect your wood.

LOIN DE SOURCES DE CHALEUR

Garder les meubles à une distance d'au moins 1 mètre des sources de chaleur directes;

TEMPERATURE TEMPERE

Maintenir une température tempérée (15-20 °C);

PAS DE PRODUITS A BASE D'ALCOOL

Utiliser un chiffon humide pour le nettoyage, sans produits à base d'alcool;

LE BOIS A BESOIN DE RESPIRER

Ne pas couvrir les plateaux des tables avec des nappes synthétiques, le bois a besoin de respirer;

PAS DE SOURCES DE CHALEUR DIRECTES

Ne pas poser directement des sources de chaleur sur les meubles;

CIRE D'ABEILLES

Appliquer chaque 6-12 mois de la cire d'abeilles naturelle et transparente pour un simple soin préventif, pour rafraîchir, nourrir et protéger le bois.

WEIT VON HITZQUELLEN ENTFERNT

Halten Sie bitte das Möbelstück mind. ein Meter von Heizkörpern fern;

MILDE ZIMMERTEMPERAUTEN

Die Zimmertemperatur darf nicht mehr als 20 Grade betragen (optimal 15 – 20 Grade);

KEINE ALKOHOLHALTIGE REINIGUNGSMITTEL

Für die Alltagsreinigung ist ausschließlich ein weiches und leicht feuchtes Tuch zu verwenden, keine alkoholhaltigen;

DAS HOLZ MUSS ATMEN

Die Tischoberflächen dürfen nicht mit Kunsttischdecken bedeckt werden, weil das Holz atmen muss;

KEINE DIREKTE HITZQUELLEN

Stellen Sie bitte keine Wärmequellen direkt auf die Holzoberfläche;

BIENENWACHS

Alle 6 -12 Monate mit Bienenwachs behandeln, das Holz wird so geschützt und behält seine natürliche Schönheit
