CATCHMASTER ®

PROFESSIONAL PRODUCTS FOR THE PEST MANAGEMENT INDUSTRY

The Journey Continues

Through the continuing growth and development of the Catchmaster® line, AP&G is committed to supplying the Pest Management Industry with innovative, dependable, high value Integrated Pest Management (IPM) solutions.

Established in the early 1950's, AP&G Co., Inc. has it's roots in the formulation and production of specialty adhesives. In 1977, AP&G introduced the Catchmaster® brand and began to focus on developing adhesives for pest management applications. AP&G is a well established industry leader and has consistently produced new and innovative IPM solutions. AP&G's knowledge of adhesive technology ensures that the Catchmaster® brand represents the gold standard of quality and consistency. Every new product that bears the Catchmaster® name is rigorously tested in our quality control laboratory as well as in "real world" field settings. For more information, SDS and marketing materials, please visit us online at www.catchmasterPRO.com.

The 72MB Glue Board Series is available in different strengths and with various synthetic scents to fit your needs.

Our 72MB Series traps will not harden, even after the release paper is removed, for at least one full year when used under normal conditions.*

- Huge catching surface – 30 sq. in.
- The best adhesive formula available.
- Perforated to tear off and place glue directly against baseboards to secure traps and prevent drag offs.
- Folds into tunnel shape for use in tight or dusty areas.
- IPM chart printed on back.

*Extreme conditions include exposing traps to extended periods of temperatures that exceed 120° F, or exposure to excessively dusty areas. Under such conditions, the trap will work but may not maintain its effectiveness for long periods.

SLIM™ MULTI-CATCH MOUSE TRAP

Item #	Series	Packed	Size
614	Mouse Size	12 Traps per Case (Bulk)	2.5 x 2.25 x 16"

The SLIM™ is a narrow profile, multi-catch mouse trap. The SLIM™ can be used with or without a glue board and can be placed in locations where typical light-gauge metal traps cannot fit or hold up—in warehouses between pallets, in offices between filing cabinets, and in kitchens between and behind appliances. The SLIM's™ polycarbonate construction is extremely rugged and durable, making it an ideal choice for damp locations, like commercial kitchens or food production facilities. Can be used with Hercules Putty™ for secure placement.
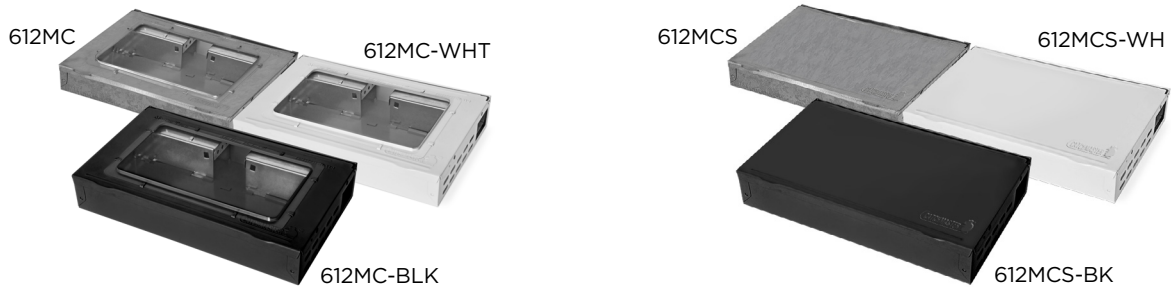

- **Narrow Profile** Allows the trap to be placed in a variety of areas where other multi-catch traps cannot fit.
- **Removable Components** Interior can be easily and thoroughly cleaned.
- **Dual Entry Ways** Mice enter from both ends of trap.
- **Service Record Labels** One label per trap included.

Use with replaceable 72TC3 Universal Multi-Catch™ Glue Boards (pg. 5).

Bedbug Management Tools

Revolutionary new monitors designed specifically for bedbugs. Utilizing certain key materials and other patented technology, BDS™ monitors create a harborage so bedbugs can be detected before they proliferate and infest a new location. BDS2.0 and Slider are cost-effective and proactive monitoring tools that can be used on a large scale anywhere bedbugs may be a concern. The monitors can also be used post-treatment to gauge the effectiveness of a treatment—decreasing the likelihood and severity of a future infestation.
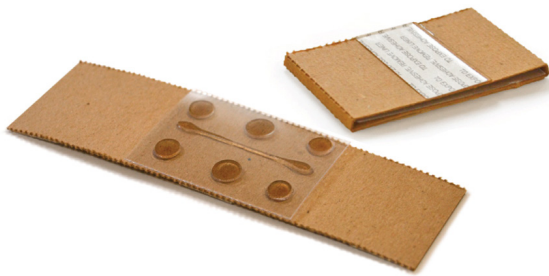

Should be used as early detection devices in:

- Multi-Unit Dwellings/Apartment Complexes
- Hotel/Lodging Locations
- Long-Term Care Facilities/Hospitals
- Offices
- College Dormitories

- Schools/Daycare Facilities
- Public Storage
- Anywhere people inhabit or frequent including restaurants and public transportation.

BEDBUG MONITOR

Item #	Packed	Size
BDS2.0	288 Monitors per Case - 72 Monitors per Box, 4 Boxes per Case	1.81 x 6.25"

The shape, size and texture of the BDS2.0 creates a thigmotropic environment where bedbugs find harborage. The plastic cover over the patented glue pattern allows for easy inspection. The low-profile design is ideal for tight spaces, like behind headboards.
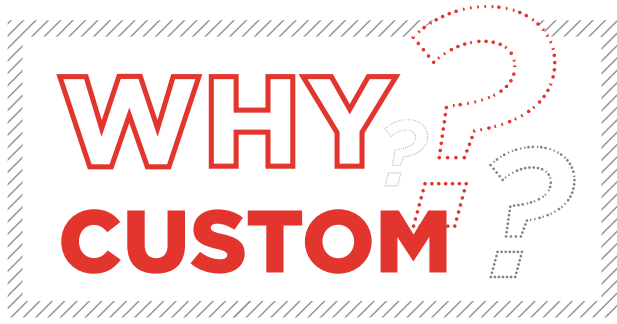

SLIDER™ BEDBUG MONITOR

Item #	Packed	Size
BDS-SLDR96	96 Monitors per Case	2.75 x 2 x 0.625"

Bedbugs explore the textured base of the Slider™ while entering from all four sides. Bedbugs are then trapped on the adhesive and easily detected through the clear window. The strong plastic design allows for use under mattresses.
