Who we are

Established in the early 1950's, AP&G Co., Inc. has its roots in the formulation and production of specialty adhesives. In 1977, AP&G introduced the Catchmaster® brand and began to focus on developing adhesives for pest management applications. AP&G is now a well-established industry leader and has consistently produced new and innovative pest management solutions.

Our products are sold by major retail chains in the U.S. and in over 60 countries worldwide. AP&G's knowledge of adhesive technology ensures that the Catchmaster® brand represents the gold standard of quality and consistency. Every product bearing the Catchmaster® name has been rigorously tested in our quality control lab as well as in "real world" field settings. AP&G's passion is creating intelligent pest solutions, which serve in brand's mission of protecting environments and improving lives.

www.appestproducts.com

IPM

Our **IPM-intelligent Pest Management** products are 100% non-toxic, premium professional grade, and designed with science of study, determining species of the pest and then using pest specific formulation or device, to target and eliminate.

The Catchmaster® Japanese Beetle Trap attractant consists of a dual sex lure and floral (food) lure system, which **attracts two to five times more Japanese beetles than traps with only a single lure**. The lures combine to draw male and female Japanese beetles into a trap... and away from valuable ornamentals, fruit trees, vegetables, flowers and shrubs.
