

NINA GORDON

To find your Nina Gordon ring size, simply measure the circumference of your finger, or measure the internal diameter (one side to the other) of an existing ring and match it to the chart below. Measurements are approximate.

Printable Ring Sizing Guide

Step 01

Follow the steps below to ensure that your guide prints to the correct size.

- In print options set scaling to 'none' or 'no page scaling'. It's important to print at full size.
- After printing use a ruler to measure from the dotted line to the tip.

Step 02

Cut out your ring sizing guide. Make a small cut on the dotted line. Slide the end through with the numbers facing outward and place on finger.
