For all other applications, or use at higher concentration levels, a new evaluation will be required..

The IFRA standards regarding use restrictions are based on safety assessments by the Research Institute for Fragrance Materials (RIFM) Expert Panel (REXPAN) and are enforced by the IFRA Scientific Committee. Evaluation of individual fragrance materials is made according to the safety standards contained in the relevant section of the IFRA Code of Practice.

It is the ultimate responsibility of the customer to ensure the safety of the final product containing this fragrance, by further testing, if necessary.

The above-mentioned fragrance product contains ingredients which are NOT considered GRAS, Generally Regarded as Safe as a Flavor Ingredient.
