MEET OUR FOUNDER & CREATIVE DIRECTOR

We are extremely passionate about what we do; design, manufacture, distribute, and curate residential and commercial furniture, lighting, textiles, carpets, tableware, décor, outdoor living, and children's products. We inspire our customers to create their very own comfortable and elevated lifestyle using well-designed and high-quality timeless products, most of which are available for immediate purchase. We have developed a proprietary fabric library with over 1,000 upholstery, curtain, and cushion choices. What you see is what you will receive, but you can also customize it.

“ WE INSPIRE OUR CUSTOMERS TO CREATE THEIR VERY OWN COMFORTABLE AND ELEVATED LIFESTYLE “

We understand that architects and designers require tools that will enable them to create and visualize new spaces efficiently. Thus, our products are powered by digital design and visualization tools and are design and architectural community-friendly. While most high-end furniture showrooms do not hold stock beyond the display, our company does! We get frustrated, as you do, with long delivery

timelines. Therefore, we invest in the stock of cohesive collections from across our own brand - That's Living, as well as international brands that we exclusively represent, including Caracole, Vanguard Furniture, Bernhardt, Eichholtz, Adriana Hoyos, Ralph Lauren, Baker-McGuire, Ligne Roset, Hudson Valley, Narumi, Porto Brasil, Welton London, and Yves Delorme.

Currently, That's Living operates 22 branded and concept retail stores in Qatar and Russia. We are in the process of expanding as a franchise to Saudi Arabia and throughout Europe. We collaborate with international interior designers and architects and ship our products worldwide. The convenience of designing a project with That's Living anywhere in the world is very clear: one-stop lifestyle shopping and one-stop logistics that save you time and money. Whether it is for a summer house in the South of France or a historic weekend apartment in Vienna, you can find all you need on www.thatsliving.com and receive it all together in the same container.

In addition to ready-made furnishings, we offer a commercial fit-out division specializing in retail and restaurant design and construction. We have in-house architects and a product design department to prepare your concept design, followed by detailed shop drawings.

Our pride and joy are our flagship stores located in Doha Festival City, where

you can feel and touch each product, physically visualize its scale, and get design inspiration for the entire space you are working on. These stores also offer limited collections that are not present on the website. To enhance your physical shopping experience, we invite you to have brunch or lunch with us at our Palette Bistro and enjoy perfectly roasted coffee and chocolates from Karmello.

If you have not had a chance to meet us yet, we are hoping to meet you soon and become your long-term trusted partner. If you reside outside Qatar, we guarantee your visit to us will be well worth it. Our management will make sure your stay with us is productive, enjoyable, and comfortable.

Sincerely,

Kataryna Dmoch,
Founder
