HZC BLUE GEM 40T LOG SPLITTER
(Briggs & Stratton 13.5HP)

1 DESCRIPTION

HZC Blue Gem 40T Log Splitter is a powerful tool for efficiently splitting Australian logs into firewood. It provides 40 tonnes of splitting force and is powered by a Briggs & Stratton 13.5Hp engine, making it compatible and suitable for most Australian hardwoods. The log splitter comes with a hydraulic cylinder and it can accommodate up to 530mm in log length. It is also designed with 2-Stage pumps allowing for maximum speed at low pressure, automatically reducing to a safe speed when splitting wood. One of the greatest benefits of this product is its machine flexibility - Vertical and Horizontal Operations. The splitting force of vertical operation is much greater than that of horizontal operation.

Furthermore, HZC Blue Gem 40T Log Splitter is designed with convenience in mind. It also comes with a wood table that facilitates the placement of split wood, a rear support leg, and an 8-inch jockey wheel which would enhance the stability and easy maneuverability.

2 SPECIFICATION

- Max. Wood Splitting Capacity: **40T**
- Max. Wood Splitting Diameter: **750mm**
- Max. Splitting Length: **530mm**
- 2-Stage Pump: **13.0/3.0 (15GPM)**
- Cycle Time: **15s**
- Weight: **302kg**
- Shipping Weight: **362kg**
- Package Dimension
 - Length: **2200mm**
 - Width: **870mm**
 - Height: **1160mm**

3 FEATURES

8 SPLITTING HOURS NON-STOP

- Briggs & Stratton 13.5Hp Engine:** Renowned for durability and power, delivering reliable performance.
- 40 Tonne Splitting Force:** Capable of splitting even the hardest Australian hardwoods with ease.
- Vertical and Horizontal Operation:** Offers flexibility to adapt to different working conditions.
- 2-Stage Pumps:** Ensures efficient and safe operation at maximum speed.
- Transport-Friendly Design:** Comes with a rear support leg, log table, and 8-inch jockey wheel for stability and ease of transport.
- 2-Year Engine Warranty and 2-Year Machine Warranty:** Ensures machine and service quality

MACHINERY MANUFACTURING
HZC POWER

Your Expert In Powered Machinery

HZC Power Pty. Ltd focuses on delivering top-notch industrial and garden equipment to our house owners or potential business partners. Our primary offerings consist of Log Splitters and Mini Excavator machinery. You can rely on us for exceptional customer service, superior product quality, and competitive pricing.
