HEIGHT ADJUSTABLE DESK

About Product

This elegant **height adjustable desk** is both versatile and practical. The centre column has a gas spring that adjusts the height of the top with ease. The top can also be adjusted from flat to 90° making this a sit/stand work station in the flat position or adjust the top folecture or lectern presentations. This desk folds down for easy transport and comes with castors and a handle to wheel from one location to another.
