

## Flag Clip (For Antennas) - #1501

### Installation Instructions

1. Unhook closure to release tension on spring.
2. Slide silicone tubing over hook. This protects the antenna.
3. Slide hook over antenna.
4. Insert closure through flag grommet and compress spring and return closure to locked position.
5. Repeat steps 1-3 for bottom mount.
6. Be sure to extend flag to show proper mounting position of bottom flag clip.
