Trac-A-Rod

How it Works

- Mount to wall, ceiling or boat.
- Adjust holders to best locations.
- The flexible rubber tip holds the rod tip easy, yet holds securely.
- The "J-Hook" (rod tip holder) and "Ring" (rod handle holder) are secured with set-screws.
- Great for wall, RV, boat, cabin, etc.

This is one of the easiest, fully adjustable fishing rod storage systems on the market! Stop piling your rods in the corner of your garage or basement, treat and protect them as the investment they are.

With many applications such as, in the garage, basement, cabin, pick-up truck or van, and even right on the boat, we are confident you will find numerous ways to use your Trac-A-Rod. They even work great for Ice Fishing Rods. Remember, the Trac-A-Rod can be used vertically or horizontally.

TRAC & HOLDERS ALSO AVAILABLE SEPARATELY.

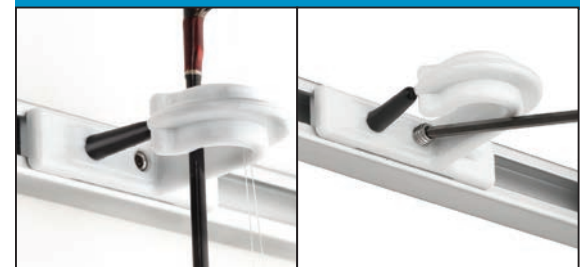

ADD ON TO FIT ALL YOUR RODS

Features:

- Fully adjustable/customizable
- Store with reels on.
- Completely rust resistant.
- Holds 6, 8 or 12 rod & reel combos.
- Installs in just minutes.
- Add additional "Trac-A-Rod" units to accommodate more combos.
- Set screws lock holders in place.
- Works vertically or horizontally.
- Use on wall or ceiling.
- Great for garage, basement, cabin, boat, pick-up, van, RV and more.

EASY SET-UP AND ADJUSTMENT

COMPLETE SYSTEMS (TRAC & HOLDERS INCLUDED)

- Cat. No. 1080 2' silver trac w/ white rod holders (holds up to 6 rods)

HANG-M-HIGH CEILING FISHING ROD RACK

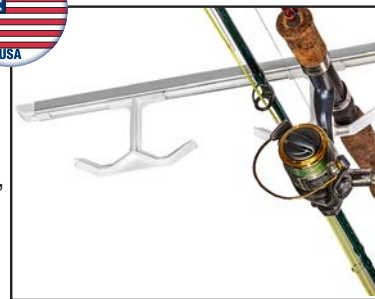

The Hang-M-High ceiling fishing rod rack is an impressive item that makes hanging your fishing rods very easy! This great fishing rod rack **mounts on the ceiling** of your garage, home, cabin, boathouse or shed and **holds 8 fishing rods** and reels securely.

The installation is simple and easy. Use (2) #8 screws (not included) and secure to the ceiling surface. You will want to select the proper fasteners (screws) for the surface you are mounting to. This may be wood, drywall, concrete, etc.

Once secure, place the butt and tip of the rod in the hanger and you are done. You can also alternate the fishing rod butt and tip to provide extra clearance for larger fishing reels. This allows you to quickly and easily access the rods when you are ready to fish or return them to the rod rack when you are finished for the day.

FEATURES:

- Holds 8 fishing rods with reels connected
- Mounts to ceiling (garage, home, cabin, boathouse or shed)
- Keeps fishing rods up and out of the way, protecting them
- Works great for fly rods!
- Easily hang and remove fishing rods when needed
- Overall dimensions of each track section (2 Sections included): 25.25" W X 3" H
- Mount closer together for shorter rods or farther apart for longer rods.
- Made in USA

#1085 Hang-M-High Ceiling Fishing Rod Rack (1 set/pkg)

TOURNAMENT ROD HOLDERS

Securely holds your offshore rod and reels. Easy to install, completely adjustable and spring loaded for convenient access. Fits almost any reel, wide or narrow.

The anodized Tournament Rod Holder fits on our Trac for an adjustable mounting. Use with any of our "Trac Only" lengths found on page 3. You can also add Teak to give an extra style element to your system.

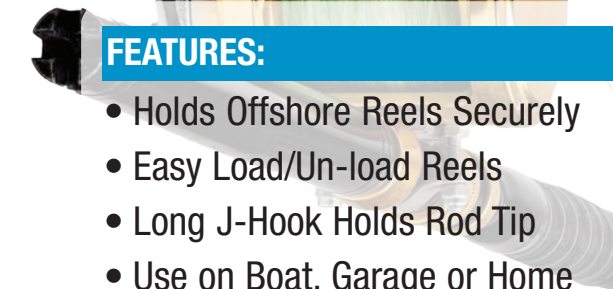

Body Dimension is: 1.965" wide

Locking Dimension is: 2.0" wide minimum

TRAC SOLD SEPARATELY (SILVER, BLACK & GOLD)

FEATURES:

- Holds Offshore Reels Securely
- Easy Load/Un-load Reels
- Long J-Hook Holds Rod Tip
- Use on Boat, Garage or Home
- Made in USA

Adjusts to any width from 2.0" and larger

SLIP BOBBER KNOT TYING TOOL

Don't waste your money on low quality imported pre-tied knots that slip on your line. When you want something done right, do it yourself. That is our motto and it rings true for slip bobber knots. Using our high quality slip bobber knot material you can make all the knots you need for just pennies.

We have two line color choices that are all great for visibility: pink and orange. Kits come with (4) 5" straws to tie and store your knots, 50 yards of knot material and our own patented Slip Bobber Knot Tool.

Cat. No. 1154 Replacement Slip Bobber Knot Straws

Cat. No. 1156 Slip Bobber Knot Tying Tool Kit - Orange

Cat. No. 1157 Slip Bobber Knot Tying Tool Kit - Pink

Cat. No. 1159 Replacement Slip Bobber Knot Line - Orange

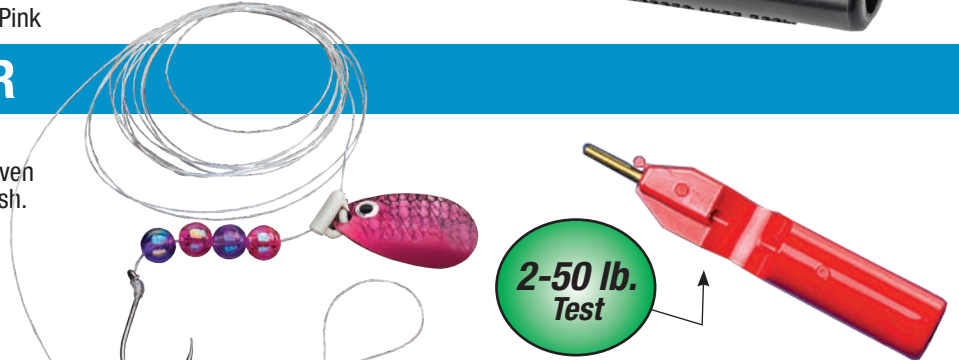

Cat. No. 1160 Replacement Slip Bobber Knot Line - Pink

KWIK-TIE HOOK SNELLER

The Kwik-Tie Hook Sneller tool allows you to tie nail knots, snell trailing hooks, tie two lines together, or even tie your own live bait rigs strong enough for trophy fish.

BUCKTAIL TWISTER

(FOR .041" - .062" WIRE)

Building your own custom bucktail lures used to be a problem. Making a nice looking lure that will track correctly in the water and hold up to the biggest fish was a difficult task. That was until the DU-BRO BuckTail Twister was created.

This simple tool will allow the angler to save a huge amount of cost by making their own bucktails instead of buying pre-made, expensive lures. Plus, you can create the perfect match of colors, blades, beads and anything else you feel will trigger that next strike.

This easy to use tool can accommodate wire from .041" - .062" in diameter and will allow you to put the barrel wrap on both ends of the bucktail.

Save money and create the next hot bait with the Made in the USA DU-BRO BuckTail Twister. *Mounts in your bench vise for secure hold. *Vise not included

Cat. No. 1265 BuckTail Twister

LURE & LEADER TWISTER

(FOR .029" - .039" WIRE)

Why spend more on pre-made in-line spinners or wire leaders when you can make the perfect color and blade combinations yourself and save? The Lure & Leader Twister will make quality leaders and baits for a fraction of the cost or you can repair your favorite lure and keep fishing with it.

Match the hatch, adjust for conditions, do whatever it takes to make that finicky fish strike! With the Lure & Leader Twister your options are endless.

This easy to use tool can accommodate wire from .029" - .039" in diameter and will allow you to put the barrel wrap on both ends of the lure.

Save money and create the next hot bait with the Made in the USA DU-BRO Lure & Leader Twister. *Mounts in your bench vise for secure hold. *Vise not included

Cat. No. 1264 Lure & Leader Twister

WIRE STRAIGHTENER

Straighten all of your single and seven strand leaders in seconds with our Wire Straightener. You will drastically reduce the amount of leaders you will buy simply by repairing the ones you have.

Simply hold the tool in one hand and your leader in the other. Clamp the straightener around the leader and pull towards yourself and the leader is fixed. The only leader that is not repairable is one with a 90° bend since the integrity of the wire has been compromised. The Wire Straightener even works on downrigger cable.

Cat. No. 1092 for up to 5 gauge wire or up to 44lb. test

Cat. No. 1093 for 5-15 gauge wire or 44-240 lb. test

BUCKET LURE HOLDER

The Bucket Lure Holder mounts on any standard 5 gallon bucket and allows you to easily hang your lures and rigs. This will keep them organized and allow them to dry after use. Plus, the handle of your bucket makes it easy to transport and you can still utilize the bottom of the bucket for other gear.

Qty. 3/Sets package (enough to fit 1- 5 gallon bucket)
 *Note: Also works great with the Yeti® LoadOut Bucket!
 Bucket and lures not included.

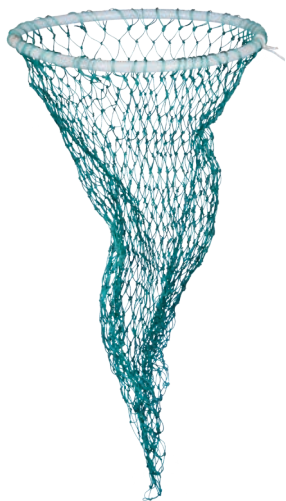

Cat. No. 1180-BK Bucket Lure Holder (3 sets/pkg.)

E/Z LOAD CHUM BAG

The E/Z Load Chum Bag will take the hassle and mess out of using chum. The wide 14" diameter opening allows you to add blocks of chum without getting the "melted mess" from the previous block all over you in the process. The included 6ft. rope will allow you to place the bag right where you want it and retrieve it easily.

Cat. No. 1215

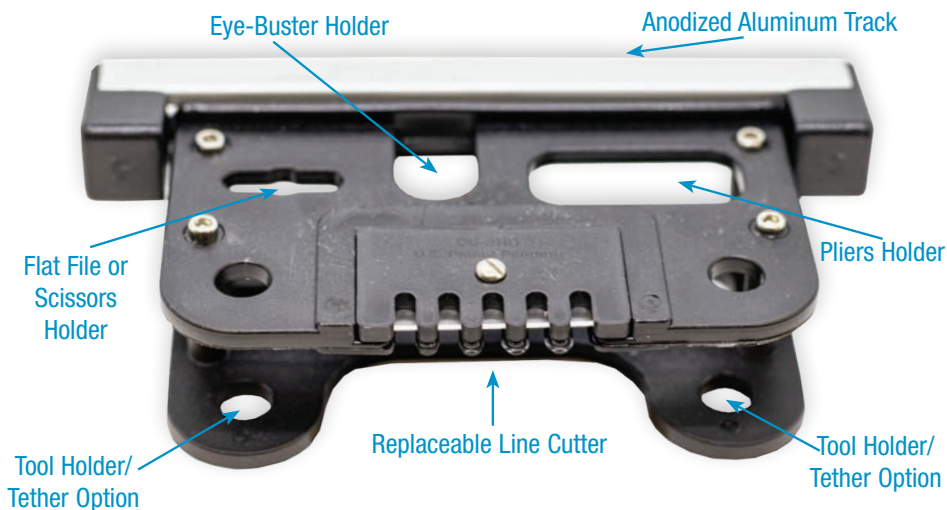

HANGMAN TOOL HOLDER / LINE CUTTER

The Hangman tool organizer & line cutter can mount anywhere. Boat, Kayak, Canoe, 4-Wheeler, Vehicle, and even on your Tackle Box. Keep all your tools in one spot so you can spend more time with a line in the water. The line cutter is equipped with a standard replaceable razor blade. It can be mounted to any surface with *2 screws of your choice, or a 5" piece of double-sided tape. *Screws & Tape NOT INCLUDED

Product Dimensions- 5"L x 2.5"W x 1.25"T

TROLLING RELEASES

DOWNRIGGER RELEASE CLIP

Our Downrigger Release Clip mounts between the thimble and ball giving a clean release when the fish hits. Also features an E/Z Adjust Tension Screw for quick and accurate adjustments.

Cat. No. 1052
Downrigger Release Clip

DOWNRIGGER CABLE RELEASE CLIP

This great release can be used alone or in conjunction with a downrigger release. Ideal for stacking multiple lines on a single downrigger cable. Quick and easy to use by removing the 3 stainless steel screws on the release, then place the downrigger cable into the groove and replace release body with screws.

Cat. No. 1051
Downrigger Cable Release Clip

OUTRIGGER RELEASE CLIP

Mounts easily and securely to your outrigger and gives a clean release when a fish strikes.

Cat. No. 1053
Outrigger Release Clip

KITE RELEASE CLIP

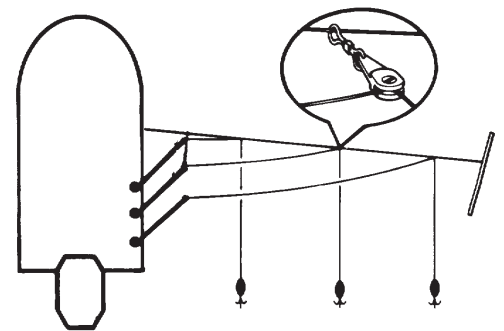

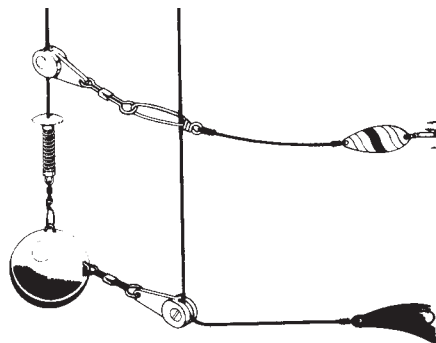

Securely mounts on kite line by decompressing the two spring clips. This versatile release can also be used for running multiple lines on outriggers or can simply clip on downrigger cable.

Cat. No. 1054
Kite Release Clip

DOWNRIGGER RELEASE

The most versatile and best multiple use release on the market. Use to stack lines, on sliders, or even with planer (trolling) boards. Our Downrigger Release can be used with up to 40 lb. monofilament line. (4/pkg.)

Cat. No. 1050
Downrigger Release

FLAG CLIPS

Using the DU-BRO Flag Clips is the easiest way to fly flags. Compare our features and you will see why these Flag Clips are so sought after by all levels of mariners.

The DU-BRO Flag Clips are **stainless steel and rust resistant in all conditions including salt water**. With our spring loaded design, our Flag Clips are easy to use and durable in all weather conditions. Made in USA.

For Halyards & Outriggers

Cat. No. 1500

Fly multiple flags 2/pkg.

For Antennas

Cat. No. 1501

Spring loaded for speeds up to 65 mph. 2/pkg.

For Stern Lights or Flag Poles

Cat. No. 1502

No slip grip. Will not scratch stern light or flag pole. 2/pkg.

DROP BACK RELEASE

Cat. No. 1055

Cat. No. 1056

W/Hook Keeper

The Drop Back Release acts as your finger on the line so that when a fish strikes, the line releases and free spools to insure that the fish feels zero resistance. The tension adjustment allows angler to set the Drop Back Release for any species you are after from pan fish to marlin.

Securely mounts on the rod with a plastic locking tie (included), and may be used with up to 40lb. mono. (2/pkg.)

Cat. No. 1055

Drop Back Release

Cat. No. 1056

E/Z Adjust Drop Back Release

DOWNRIGGER SHOCK KIT

The Downrigger Shock Kit helps absorb the initial shock of a downrigger ball (weight) when hitting the downrigger boom during rewinding (Fig B). Prevents damage to the cable and possible loss of the downrigger ball (weight). Also helps to keep the cable taut when rearound such as when traveling from spot to spot or when trailering (Fig A).

Cat. No. 1122 Downrigger Shock Kit

TWISTER TRACK KNOB

NEW

The Twister Track Knob is offered in 5 different color options and has an overmolded stainless steel insert to combat corrosion in fresh or saltwater applications. The outer base is outfitted with several grooves to give you some extra grip to get snugged down. You can also grab onto the twister wings on top of the knob to torque the knob down & get the tightest fit possible. The wings also protect the shaft of the bolt as well as preventing snagging loose lines.

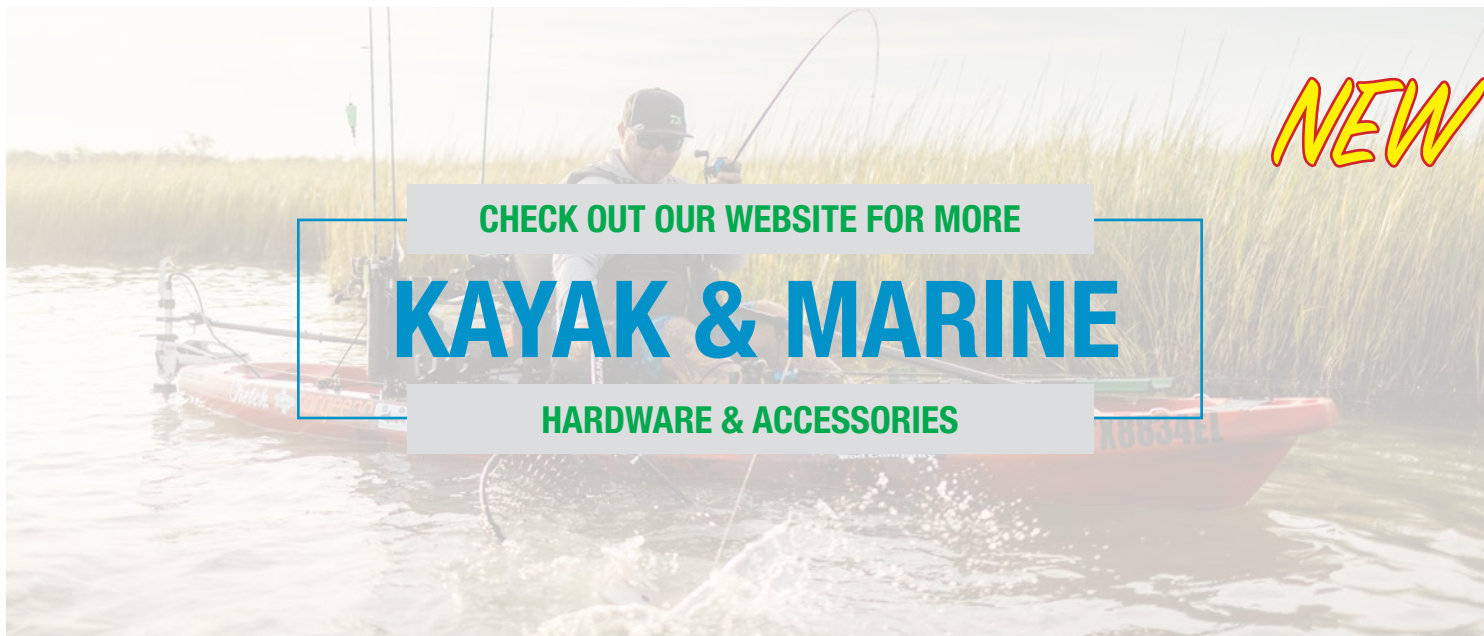

The Twister Track Knob is made in the USA and uses high quality material to insure dependable operation. Many fine details were added to this design to provide more grip and easier use than other knobs on the market.

- Cat. No. 1407-BK Twister Track Knob - Black (4/pkg.)
- Cat. No. 1407-BL Twister Track Knob - Blue (4/pkg.)

"Dew" we catch 'em!

DUBRO Fishing's Dewey Baits line of soft plastics has been revamped. This is the first of many series to come from the Dewey Baits brand. The Average Joe series was designed with the most common bait patterns & colors used in bass fishing today. These are perfect for the "Average Joe" up to professional fisherman.

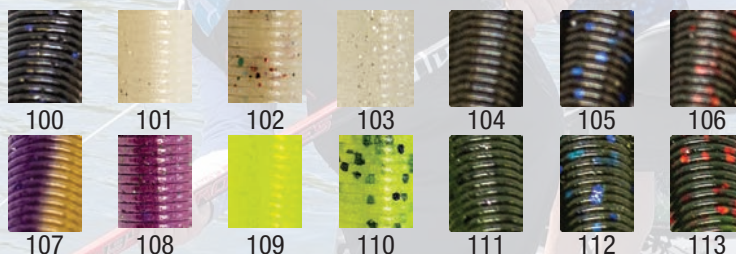

The Average Joe series will consist of 8 patterns to start and will be available in 10 common and unique colors with more color options coming later. Dewey Baits are made from durable plastic which has plenty of action, and best of all the series will be budget friendly. Try a bag on your next trip, and catch more fish!

LIL SMOKEY

NED WORM - 2.75"

A compact bait with a lot of punch. This "ned" style worm works great for many applications, but is ideal for a "ned rig" head/hook combo giving the 1, 2, punch while dragging, swimming, or hopping. This is a great multi species bait, but is ideal for both Large & Smallmouth Bass. For small creeks to large lakes.

Cat. No. 1450 LIL Smokey - 2.75" (8/pkg.)

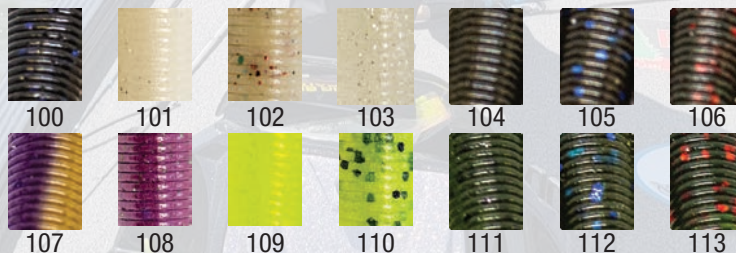

LIL ROCK LOBSTER

NED CRAW - 2.50"

This smaller "Ned" craw style of bait is perfect for when the bite gets tough, or the fish want lobster tails for dinner. Similar to its big brother (Rock Lobster) it has front claws that provide action to the bait as you hop, swim, or drag across the bottom of lakes & rivers. Don't be afraid to work this through all types of cover or use as a finesse jig trailer.

Cat. No. 1451 LIL Rock Lobster - 2.50" (8/pkg.)

"Dew" we catch 'em!

ROCK LOBSTER

CRAW - 3.00"

This 3" Craw has a unique ridge on its claws to give it some added swimming action as you move it through the water column. With a realistic look you can fool any fish into a meal. Run this on any jig as a trailer, punch it through mats, or rig it with a pegged hook of your choosing and work it through the chomp zone.

Cat. No. 1452 Rock Lobster - 3.00" (8/pkg.)

RUMPSHAKER

PADDLE TAIL SWIMBAIT - 3.75"

It **zoom zoom's** to get the bass to go **boom boom** as they chomp down on it. The rumpshaker that likes to shake its rump to entice bites. The rumpshaker can be swam by itself on a swim head, but pairs up as the ultimate trailer for jigs, bladed jigs, spinnerbaits, and umbrella rigs.

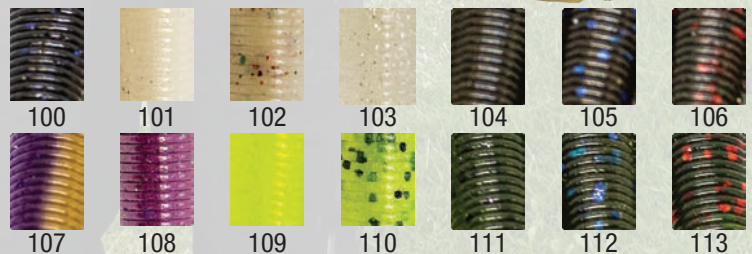

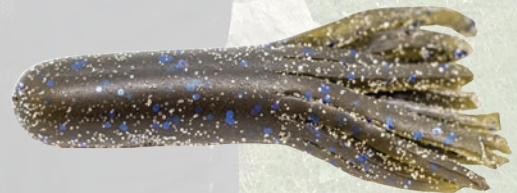

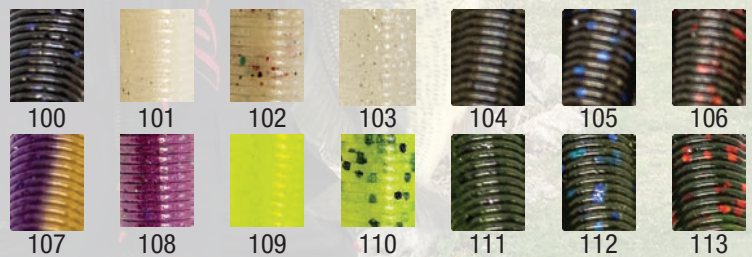

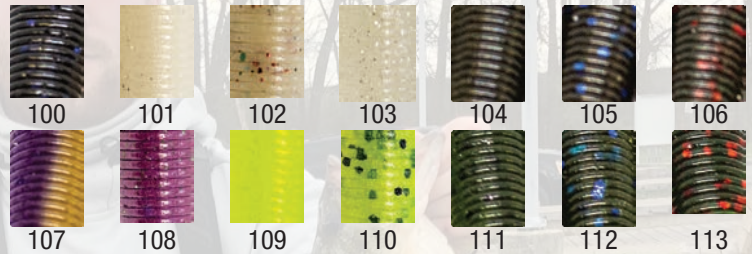

Cat. No. 1456 Rumpshaker - 3.75" (6/pkg.)

BOULDER BOUNCER

TUBE - 4.00"

These hand dipped tubes present a unique action when jigged or swam. At 4" long it has a nicely trimmed skirt that fish like to look up. Texas rig, pegged weight, or a typical tube jig head are all good ways to rig these handcrafted tubes. Great colors to help on pressured waters to ignite more bites.

Cat. No. 1457 Boulder Bouncer - 4.00" (8/pkg.)

NEW

Made in USA

"Dew" we catch 'em!

SHAKE & BAKE

SHAKEY HEAD WORM - 6.00"

Ricky & Cal aren't the only ones who can shake & bake. Our unique shakey head makes rigging easier than the competition. No more trimming the head, screw it right onto your keeper and set the hook in the body to run weedless. This finesse style worm can also be run with a pegged weight and hook.

Cat. No. 1454 Shake & Bake - 6.00" (10/pkg.)

HOT STICK

STICK BAIT (SENKO STYLE WORM) - 5.00"

When you want a Hot Bite, get out the Hot Stick. Similar to your typical 5" stick bait in looks, but our special formulated blend of plastic gets you more bites without sacrificing action. Texas Rig this with or without a weight, wacky rig, neko rig, etc. This stick bait is universal to suit any style of fishing.

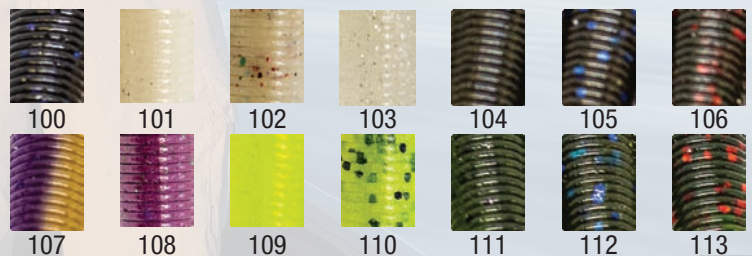

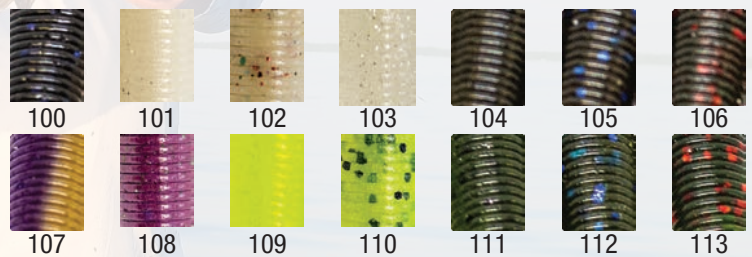

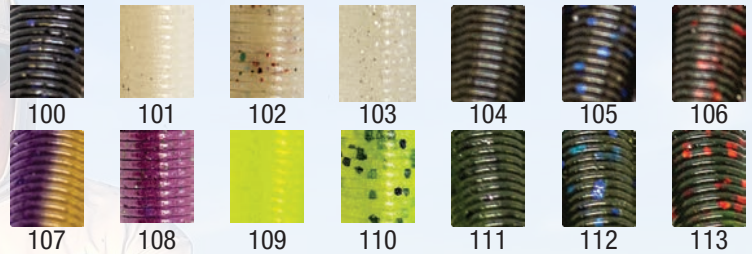

Cat. No. 1453 Hot Stick - 5.00" (10/pkg.)

DONKEY DROP

DROP SHOT WORM - 3.75"

This drop shot flat worm catches the donkeys! Load up on giants when they get finicky by presenting this unique shape that represents most bait fish. Don't over look rigging it up on a ned style head and swimming or dragging it through the hot zone, but on a drop shot rig, this bait is a beast!

Cat. No. 1455 Donkey Drop - 3.75" (8/pkg.)
