10 x 2D  
1 x 3D

'Mini Challenge' provides a great introduction to the Lonpos range of puzzle games. Using the 7 puzzle pieces, complete the 10 two dimensional challenges. For a harder challenge build a pyramid with the pieces. Don't give up! It is possible!

You will have lots of fun playing these brain stimulating puzzle games. Take the Challenge!

Once you're addicted to solving challenges, move onto one of the other games in the Lonpos range. 'Cosmic Challenge' provides over 100 challenges using 12 cosmic shaped pieces. 'Challenge' has over 200 two and three dimensional challenges at various levels of difficulty.

**WARNING - CHOKING HAZARD**  
Not for children under 3 years of age
