

# Dream Collection Bed Assembly Guide

Carefully unpack your frame.  
Do not use a knife to cut through packaging.

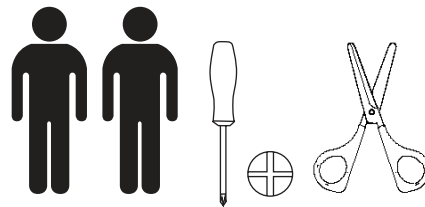

## Top tips, important safety information and recommendations

Assembly: 2 person

Required area: 2 x 2.5 metres

Required tools: Cross head screw driver and Scissors

### **Important:**

Please check that all the parts are present and read the instructions thoroughly before commencing with assembly and retain for future reference.

It is important to inspect all items BEFORE assembly, if for any reason you need to return this item, you must return it in its original packaging. Assembled items CANNOT be returned.

**Tips before you start:**

We recommend that all items are assembled close to the place they will be in use and on a protective surface to avoid any unnecessary movement or contact that may damage the product.

For ease during assembly identify the parts required before commencing each step, taking care to avoid over-tightening the fittings as this may damage the furniture.

**Safety:**

Take extreme care when handling and lifting heavy products to avoid personal injury or damage to the item. Keep children well away from the assembly area due to the heavy products and choking hazard from small components.

**Warning:**

Please use this product for the specified purpose only, it is not to be stood on. If parts are missing, broken, damaged or worn stop using the product until fully repaired.

Failure to follow safety and warning information could result in serious injury.

**Recommendations:**

Please periodically check all fittings and re-tighten if necessary.

To avoid fire risks, warping and surface de-lamination keep away from strong heat sources and never allow liquid to remain on your furniture. To clean, lightly dampen a soft cloth and wipe, buffing with a dry clean cloth.

# Supplied Fittings

SBF01-01C-21-08

A	B	C	D	E
				
Headboard x1	Footboard x1	Side Rail x2	Legs x4	Centre Rail x1
F	G	H	I	
				
Slats 120-135mm x15 150-180mm x16	120-135mm x32 150-180mm x34	Spanner x1	Slats Spacer x1	

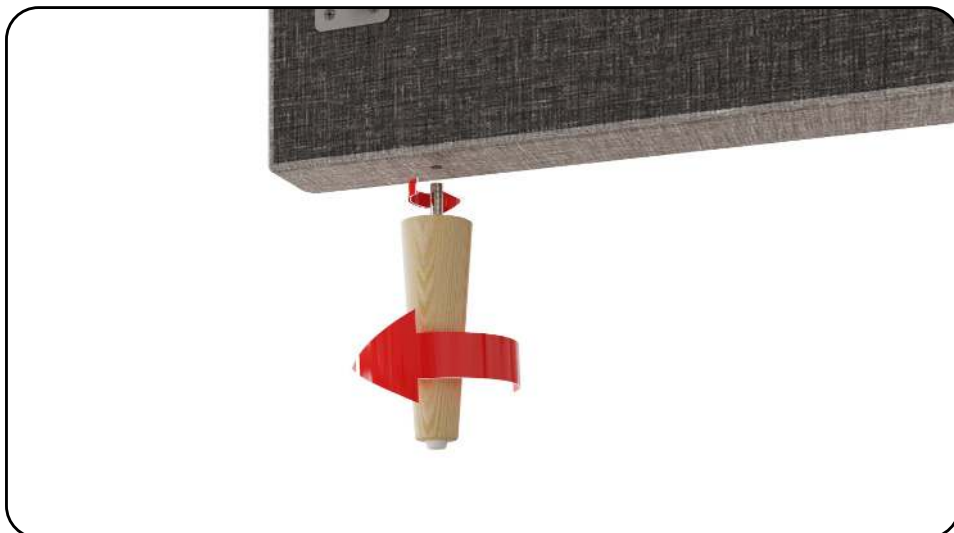

Please check you have the correct fittings and read through before commencing with assembly

## Step 1

Unpack components and layout, ready for assembly

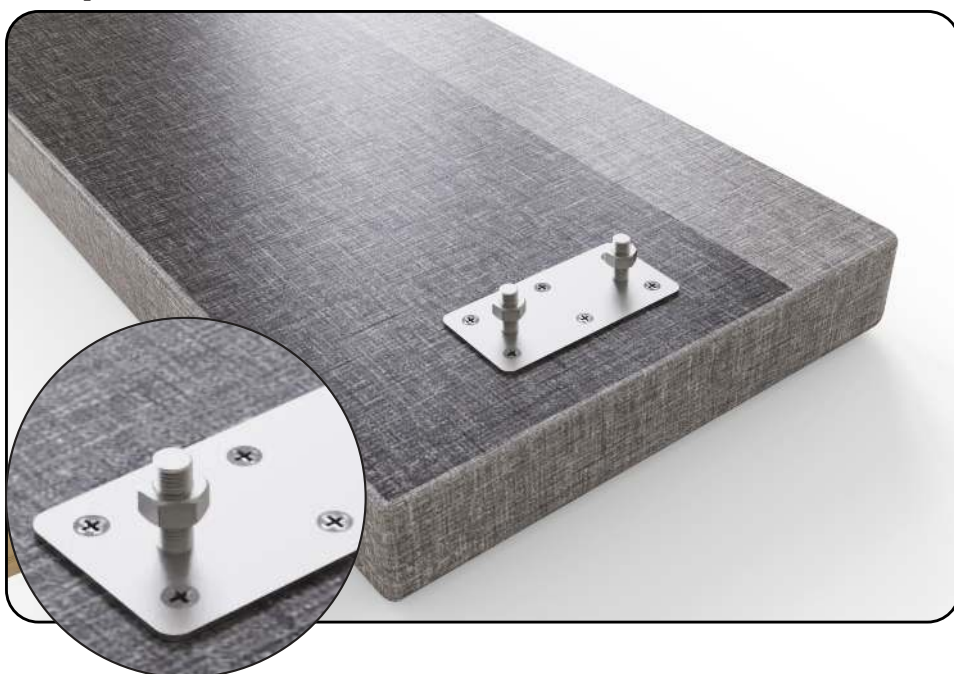

## Step 2

Fit legs to headboard and footboard, by inserting the thread into the hole and hand tightening.

Tip: Ensure the legs are straight before fully tightening.

## Step 3

Loosen M8 Nuts to the headboard and footboard in each corner.

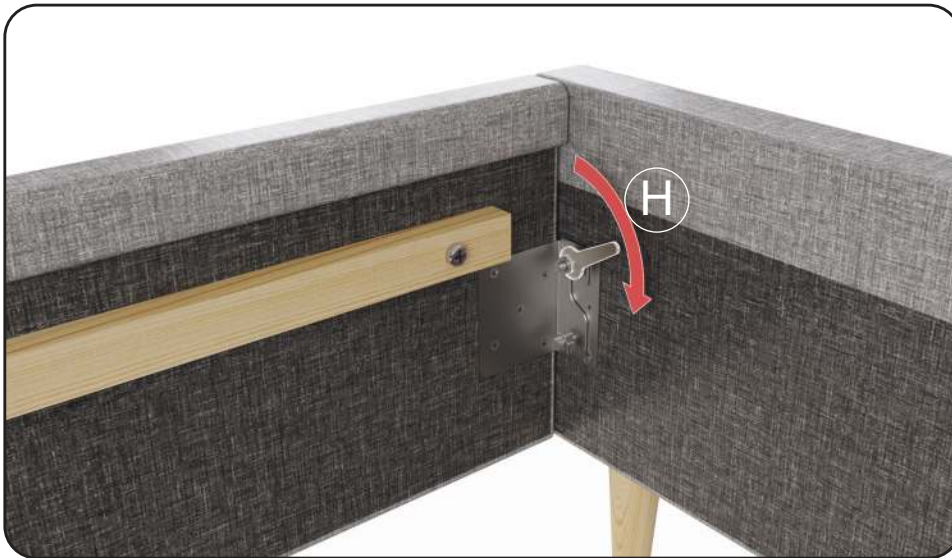

## Step 4a

Hook on side rails to headboard and footboard, all 4 corners.

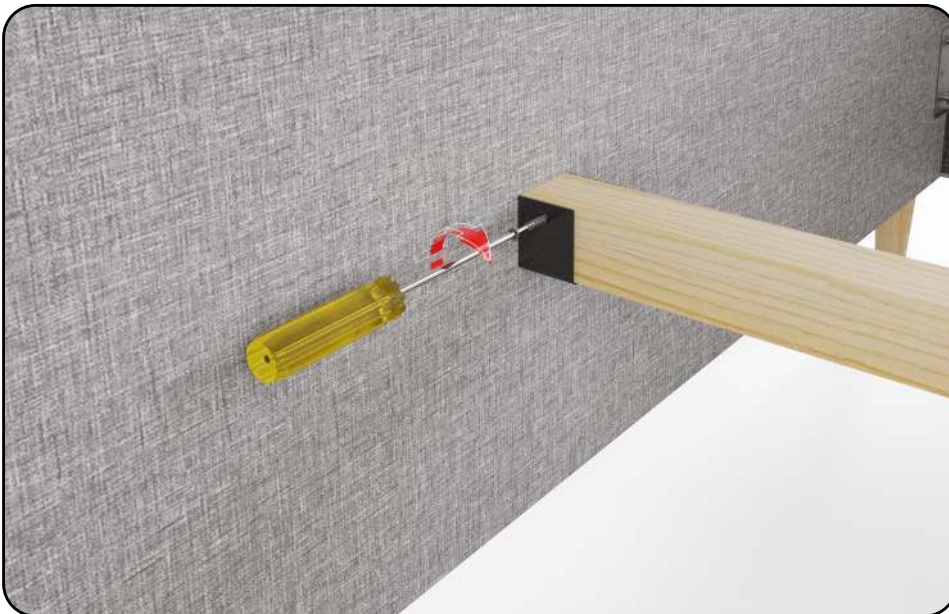

## Step 4b

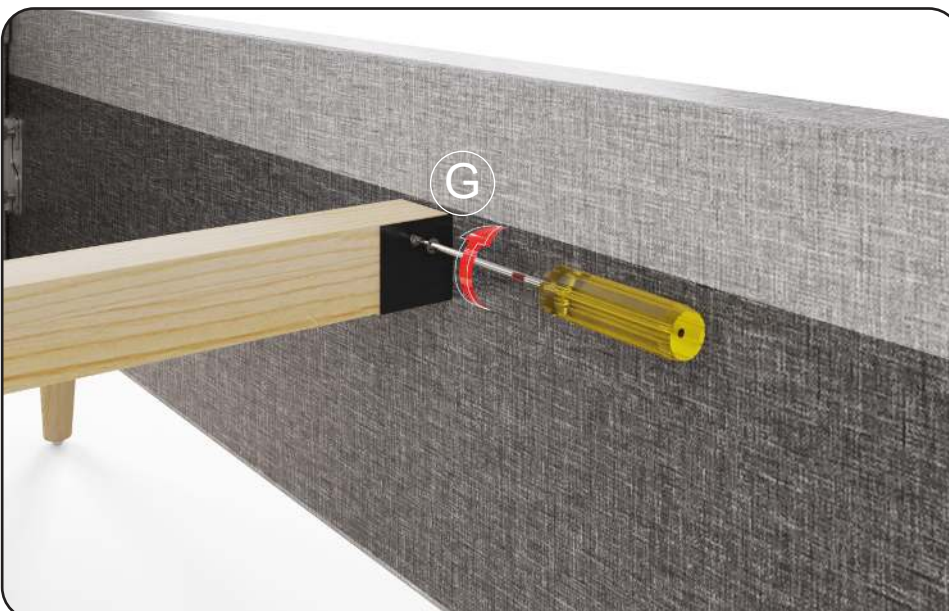

Tighten all nuts with 13mm spanner (C)

## Step 5a

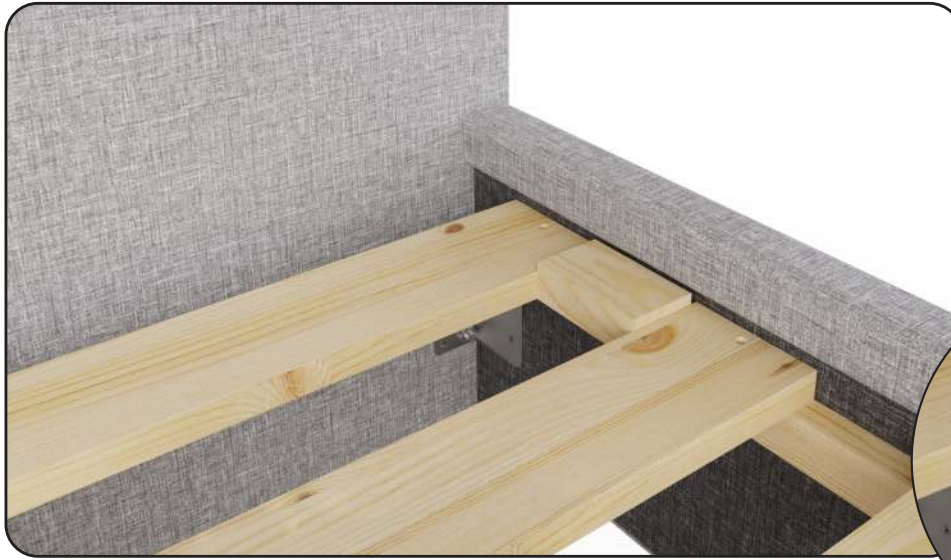

a. Position the centre rail into the centre of the bed, slotting the wood at each end into the bracket mounted on the headboard and footboard.

## Step 5b

Screw in 1 x 40mm wood screw (B) into the side of the bracket pilot hole, straight into the wood. This is to be repeated at both ends

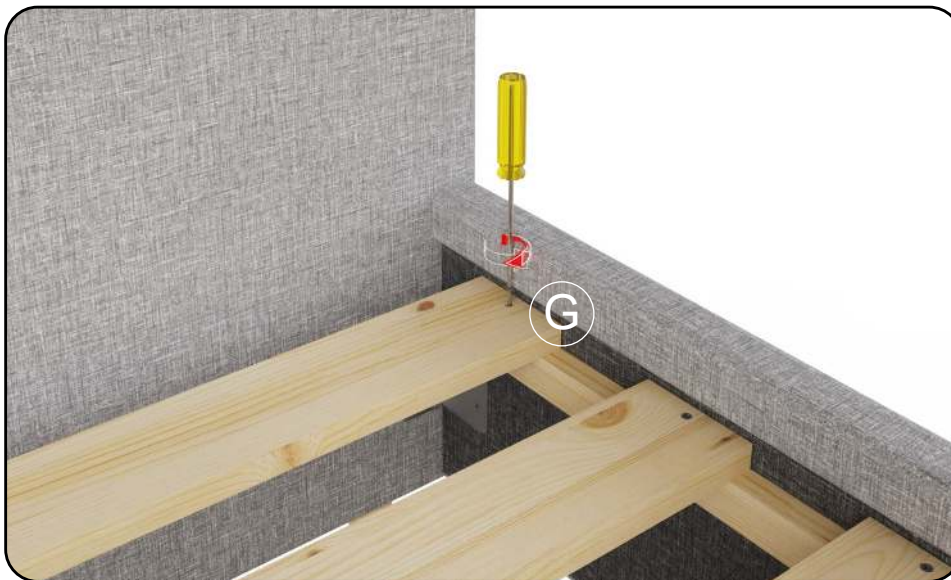

## Step 6

Position bed slats across the base, use the spacer provided to evenly place the slats.  
Tip: End slats should sit flush to the support rail end.

## Step 7

Screw in the slats, using the 40mm wood screws provided.(B)  
Please ensure slats are evenly distributed, before securing them.

## Congratulations, assembly is now complete

You can carefully position the bed in its final position, before placing the mattress and bedding.
