

Harness for Chest ~ Cut 1

Harness for Stomach ~ Cut 1

Saddle ~ Cut 1

Saddle ~ Cut 1

12 inches (30.4 cm)

The harness straps that are for the chest and stomach should be cut out as rectangles and then trimmed with the 10 cm size scalloped scissors.

## Suggested Layout of Pattern Pieces:

Use a straight edge and a pen to measure and then cut out the two pieces that will be sewn together to create the strip of felt that is sewn to the two body pieces.
