## Product Description

The unique, biomorphic shape of this modern pendant is expertly crafted from one piece of rich alabaster, taking the reflective mood of a shaded light but encapsulating in a very solid design, with its gently undulating curves creating a sculptural aesthetic. The double layer elevates this stunning centrepiece, allowing different qualities of light to radiate upwards through the double cup, casting an ambient pool of light. Floating in place on an antique brass stem, the quiet splendour of the Miller Pendant is guaranteed to add dramatic appeal.
