Welcome to the tasting room of Brewery De Prael

De Prael believes in meaningful work for people who cannot find a suitable job. Since 2001 we have been creating paid work for many people with a visible or invisible employment limitation.

With a group of talented colleagues, our heroes, we brew and sell

homemade beers. We are proud of everyone who serves and drinks De Prael..

Every sip of beer creates extra work for those who need it so much. They want to be seen, feel appreciated and simply participate in everyday life.

Thanks for visiting, we can only make the world a more social place together!
