R-4608 Product Features

This lightweight aluminum walker is great for travelling; it weighs only 15 lbs and can easily fold to fit in the trunk of your car.

The 8" and the loop brakes are easy to use while providing peace of mind. Functional loop brakes can also lock in place to make it easy to rest on the rollator.

R-4700 Product Features

R-4700w Extra Wide Steel Rollator is a heavy-duty rollator that features a wide 23" handle opening and a 400 lbs. weight capacity.

The steel frame is sturdy and strong and a padded flip-down seat allows the user to stop and rest anywhere they choose without a problem.
