

GEARHARTS

FINE CHOCOLATES

OUR HISTORY

Gearharts began in the fall of 2001 in the kitchenette of a downsized dot-com business. For the two months leading up to Christmas, Tim made chocolates day and night, selling them from a kiosk at a high-traffic retail mall as fast as he could make them. The following March, Gearharts moved into its home alongside other locally owned gourmet retail shops at the Main Street Market. With his production kitchen upstairs and shop below, Tim oversees every aspect of the business from production to sales. In the Flagship shop, online, and the newest shop in Richmond, Gearharts offers their renowned chocolates, corporate gifts, and special packages for weddings or other occasions. Customers can order beautifully packaged gift boxes or create their own custom assortments.
