Do you know it?

- In comparison, other solutions can be 25% to 500% more expensive.
- Other solutions may require switching between user interfaces.
- Other third-party solutions require more time for support requests.

You receive the integrated remote signature component per signature card for 5 € net per month.

With our integrated remote signature component you sign and send directly from advoware.

Everything from a single source - any support queries are quickly resolved.

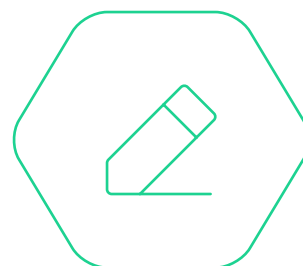

“25% to 500% overpaying for remote signatures? **Not me!**”

5,- € per month or 60,- € per year per seat | plus VAT.

Use this remote signature component in advoware to be able to sign directly in advoware with your beA card. The remote signature component must be purchased for each signature card.

Contract term: The contract term is 12 months and is automatically renewed for a further 12 months unless notice is given three months before the end of the contract term.

No separate purchase of signature software (e.g. SecSigner) is necessary.
