US Hat Size	7 ¹ / ₄

DETAILS

Bushie/Bushie+/Explorer

- The Bushie, Bushie +, and Explorer all share the size fit size specifications.
- The inner elastic sweat band creates a comfortable cushion between your head and the hats fabric.
- All 3 have a more narrow fit than our other headwear counterparts.

Ranger

- The Ranger comes in 2 sizes: Small/Medium and Large/X-Large.
- Festival goers praise its light-weight and durable features.
- The crown is a rounder shape than the above 3 hats mentioned, for a looser fit.
- If you believe that it won't sit tight on your head, add a drawstring & toggle for extra security.

Bucket

- Buckets are back! Either have your bucket sit tight or loose. Drawstring & toggle also available. When wet, it's like an ice cold towel.

Cap

- One size fits all. Metal adjustable buckle on the back to secure it the way you like.

FIT TIPS

- Aussie Chiller reminds our customers that a hat fit is entirely a matter of personal preference. Our headwear can sit, fit, and be worn however you want to wear it.
- We recommend tighter fits for those active moments in life. Think jogging, boating, or hiking.
- Long days (4+hours) may require a looser fit. Think a full day at your favourite music festival, landscaping the backyard, or fun in the sun at the beach.
- The shape and style of a hat can vary the sizing and fit. We always recommend reading the size and fit guide for any hat you're considering. This will help to ensure you're able to select the perfect size for you.
