# OUR MISSION

**WE EMPOWER YOU TO EMBARK ON A NEW JOURNEY WITH SELF-CONFIDENCE.**

Our mission is to boost your self-confidence by helping you express your unique style and personality. We stand with you as champions, providing garments that enable you to live an active life without the worries and social stigmas associated with wearing an ostomy bag.

We designed our Awestomy Active Wraps with intention – superior functionality, expandable fabric and specialized fit for exceptional versatility, adjustability, protection, and comfort.

Our wraps are ideal for everyday wear and those who are active and on-the go. Available in Light Compression and Medium Compression and two profiles—high and low—that provides a range of coverage and support.

# LIGHT COMPRESSION WRAPS

Lighter weight performance fabric that provides reliable support, coverage and pouch concealment. Smooth on the skin, easily expands and is ideal for daily wear.

- ✓ **Two inner pockets to support right or left stoma and firm fit pouch concealment**
- ✓ **Moisture-wicking, anti-microbial, anti-odor, UVA/UVB chemical free protective fabric**
- ✓ **Multi strips of VELCRO® for adjustability**
- ✓ **Flat-lock seams that prevents chaffing for a smooth, clean fit under clothing**

*High Profile - (\$85.99)*  
*Full coverage and hernia support*

*Low Profile - (\$75.99)*  
*Pouch coverage and support*

# MODERATE COMPRESSION WRAPS

Heavier weight performance fabric that provides compression, maximum support, superior performance and pouch concealment.

- ✓ **Two inner pockets to support right or left stoma and firm fit pouch concealment**
- ✓ **Moisture-wicking, anti-microbial, anti-odor, UVA/UVB chemical free protective fabric**
- ✓ **Multi strips of VELCRO® for adjustability**
- ✓ **Flat-lock seams that prevents chaffing for a smooth, clean fit under clothing**
- ✓ **Slims the waist line, provides comfort and additional support**

*High Profile - (\$85.99)*  
*Full coverage and hernia support*

*Low Profile - (\$75.99)*  
*Pouch coverage and support*

# OUR STORY

**TWO POWERHOUSE WOMEN WITH THE PERFECT COMBINATION--- MEDICAL TECHNOLOGY LEADER MEETS FASHION GURU WHO SEEK TO EMPOWER AND SUPPORT OSTOMATES.**

## **SYMERIA - FOUNDER & COMPASSIONATE HEALTHCARE EXECUTIVE**

After working as a healthcare executive in London leading R&D for a global Ostomy supplier, Symeria couldn't shake the feeling that many Ostomates were being ignored. Symeria observed that nobody wanted to challenge the status quo and innovate products that addressed skin irritations, leakage and comfort while allowing Ostomates to feel good about themselves.

## **ILANA - COO & FASHION WELLNESS EXECUTIVE**

Leading at the intersection of fashion and wellness, Ilana is committed to share her multifaceted knowledge she gained in the activewear industry to help develop products that are fashionable, adaptable, and provide peak performance for Ostomates. Ilana will never compromise a product's integrity, appeal and comfort to ensure Awestomy Active achieves its mission of providing best-in-class products for Ostomates that will ultimately contribute to a better quality of life.
