Here The *Whole Way* Through

Every project
easier,
every project
better.

For over *50 years* we've been helping create spaces that people love to be in.

From our family-owned workshop in the Waikato, our expert team design, we manufacture and install premium quality joinery throughout the North Island.

We're here to make it easy. Which is why, whether it's family homes or commercial builds, our promise remains the same - start to finish and beyond, we're *Here the Whole Way Through.*

Aeonox™

Aeonox is a powder coating solution that offers *scratch-resistant protection for your aluminium*. 650x more scratch-resistant than other powder coating solutions, it is ideal for high-wear areas.

Aeonox's robust nature also allows for significant reduction of waste, making it one of the *lowest ecological footprints* in comparison to alternative powder coats.

The toughest powder coat on the market, Aeonox promises your windows and doors will *stand the test of time* and reduce abrasions from the wear and tear of everyday living.

Powder Coat

Powder coating is *one of the most durable colour-coatings* available. Our window and doors are powder coated to WENZ Enduro Colour Powder Coating Quality Standards, so we know they're built to last. In fact, *many of our powder coat products come with a 15 year guarantee.*

Eurowood has the *warm look and feel of timber but without the associated maintenance*. There's no swelling, warping or rotting, and no need to paint.

There's a range of wood-grain finishes to select from, and you have the option to choose anodised *aluminium on the exterior and wood grain Eurowood on the interior*.

Anodised

Silver

Medium Bronze

Black

Anodising uses a protective anodic oxide coating to *bring out unique colours within the metal of the frame.* The result is a smooth, matt metallic finish that maintains the beauty and natural lustre of aluminium, while being durable and tough-wearing. Hard and weather-resistant, the transparent coating *resists damage from UV exposure and lasts without peeling or flaking off.*

Sugarsnap

Moss Grove

Give your home a point of difference, using a powder coat colour that will *show your personality at the front door*. The entrance to your home creates the first impression and sets the stage for what is to follow.

The Botanic Bounty powder coatings are *durable and tough on protection, yet kind to the environment* with no toxic components.
