

# Q&A CND™ STRENGTHENER RXx

FORMULA

## QUESTION

1. Is **CND™ Strengthener RXx** a breathable formula?

## ANSWER

**CND™ Strengthener RXx™** is a breathable formula. As the solvent releases and the treatment dries, tiny tunnels are formed allowing moisture and oxygen to travel in and out of the coating, which helps the natural nail maintain a healthy balance of moisture and air.

2. How does **CND™ Strengthener RXx** work to strengthen nails?

**CND™ Strengthener RXx** was formulated with key plant based ingredients of Celery Seed Extract and Camellia Flower Seed Oil. These ingredients help to strengthen, augment nail thickness, smooth the nail surface and condition the nail plate layers.

3. What is the complete dry time for **CND™ Strengthener RXx**?

The complete dry time is 2-3 minutes..

4. Can you use **CND™ Strengthener RXx** longer than 14 days?

Results will vary, but when used as directed, they can be seen within 14 days.

5. Is it possible to overuse **CND™ Strengthener RXx**?

**CND™ Strengthener RXx** is a gentle, plant-based formula that does not contain formaldehyde. Results can be seen after 14 days of use.

POSITIONING

## QUESTION

6. Is **CND™ Strengthener RXx** a vegan formula?

## ANSWER

Yes, it is a vegan formula.

7. How do I know **CND™ Strengthener RXx** is right for my nails?

The formula is beneficial to all nail types.

8. What is the difference between **CND™ RescueRxx™** & **CND™ Strengthener RXx**?

**CND™ RescueRxx™** is a thin, liquid keratin treatment applied the nail plate that deposits keratin where needed. **CND™ Strengthener RXx** is an enamel-based strengthening treatment designed to help repair damaged nails while also increasing thickness and smoothing the nails surface over time.

9. How long should this product be used before visible results can be seen?

Visible results can be seen after 14 days of use.

10. How do I recommend between **CND™ RescueRxx™** and **CND™ Strengthener RXx**?

**CND™ Rescue RXx™** fills in damaged layers of nail plate. **CND™ Strengthener RXx** resurfaces the nail plate adding thickness and smoothing benefits while strengthening the nail.

11. Why does the product need to be reapplied every day?

Re-applying **CND™ Strengthener RXx** every day helps drive more of the key ingredients onto the nail and build a shield that protects compromised nails.

12. Can you still see results if the directions for use are not followed?

For the best results it is recommended to follow the directions for use.

# Q&A

## CND™ STRENGTHENER RXx

### QUESTION

### ANSWER
