1. P.E.P. the natural nail. (Visit cnd.com for a complete **CND™ SHELLAC™** Application & Removal Step-by-Step.)
2. Apply a thin layer of **CND™ SHELLAC™** Base Coat. Cure for 10 seconds in the **CND™ LED Lamp** using preset button 1.
3. Apply two thin layer of **CND™ SHELLAC™** Oceanside. Cure each layer for one minute using preset button 2S.
4. Use a small stylus and **CND™ SHELLAC™** Black Pool to apply eight dots. First, divide the nail into thirds. Then, apply four dots down the left side and four down the right side, equally spacing dots horizontally and vertically.
5. Use a detail brush to refine each dot into a square shape.

6. Using a fine detail brush and **CND™ SHELLAC™** Black Pool to connect the black squares. Start at the tip of nail. Pull a line up from the top left corner of the square (to meet what will become the bottom right corner of square above). Repeat this pattern at a 90° angle to create a windmill effect. Two lines should never start from the same corner.
7. Moving clockwise, repeat the above process to connect each square to the bottom left corner of the above square until the right side is complete.
8. Proceed to the left side, which will be a mirror image of the right side. When finished with the thin back lines, cure for one minute using preset button 2S.
9. Create thick lines that weave in and out from one another with **CND™ SHELLAC™** Among the Marigolds, **CND™ SHELLAC™** Violet Rays and **CND™ SHELLAC™** Mind Over Matcha. Cure for one minute using preset button 2S. Repeat for additional coverage.
10. Add white accent lines using **CND™ SHELLAC™** Cream Puff. Cure for one minute using preset button 2S.
11. Apply a layer of **CND™ SHELLAC™** Top Coat. Cure using preset button 3.
12. Wipe with 99% Isopropyl Alcohol to remove top film.
