SPRAY PAINTS

In paint care, quality makes all the difference. Exceptional results come from exceptional products. That's why ICON PLUS built its reputation on painstaking research, superior quality ingredients, and meticulous attention to detail.

ICON PLUS SPRAY Paint is a high quality quick drying high gloss paint. The mixture is completely enclosed in an insulated air tight cylindrical can at high pressure. These are available in different Colors that are light in weight and portable and are considered as the best way to store these chemical suspensions for a longer time.

ICON PLUS Spray Paints can be used in various industrial and commercial applications to easily paint or provide coating of protective elements over the surfaces of various objects to prevent any chemical attack on the object. These can be applied to any type of material such as metals, non-metals, plastics and various other elements.

TESTIMONIALS

“

“I bought a Jeep Last week and I need that one to get showroom quality shine and glossy finish after I wash it. finally, I found this amazing product on the internet. it's worth what I spent. I recommend this product to anyone who needs a shiny car. AAA product”

“

“Great product it's one of the best I've used and I'm a car detailer. I've tried all the other brands and nothing compares to this product. It's time save as all you do is apply to the surface directly and rub off with a microfiber cloth. Easy to use”

“

“Brought Icon plus carnauba wax today and made my car look brand new was very impressed with the finishing result very easy to apply with the applicator and provided amazing results”
