## Mouth Mist

For the ultimate relief and comfort.  
From some of Mother Natures  
best ingredients.

# Mouth Mist

---

- Melaleuca Oil
- Melaleuca Tree Extract
- Aloe Vera
- Peppermint Oil
- 74 Plant Derived Minerals
- Bacterial and Virial Infections
- Relieves and Soothes
- Refreshes

## How Does MATE OIL work?

It has been well documented that Melaleuca essential oil and tree extracts contains antibacterial and antiviral compounds. These have been proven to win the fight against invading sinus pathogens.

The tea tree oil and tree extracts used in the Paradise Nutrients Mouth Mist have been specially treated to remove volatile compounds that may aggravate sensitive membranes.

It also contains anti-inflammatory compounds that reduce swelling and helps to break down the infected mucus, at the same time relieves bacteria infections.

Paradise Nutrients fuses our specially prepared M.A.T.E. OIL (tea tree oil) and tree extracts with other plant compounds which gives almost instant soothing relief.

# Melaleuca

There are around 140 compounds that make up the extracts from this amazing tree. It has been well documented and researched that Tea Tree essential oil has been used topically as a medical aid due to its anti bacterial, anti-fungal, anti-viral, and anti-mould properties.

Paradise Nutrients Tea Tree oil and extracts used in Mouth Mist contains a unique combination of compounds extracted from the Tea Tree called Melaleuca Alternifolia. After the compounds and oil have been extracted it then goes through a special process making it safe to use in the human body.

Tea Tree is an essential oil and can be used topically without diluting. It can be very strong and is not recommended when using this oil on sensitive areas of the body. However, when the harder compounds have been removed and fused with other plant compounds it gives a much softer relief.

Aloe Vera Extract. Aloe Vera contains over 200 plant compounds with many studies showing Aloe Vera has the following benefits.

## Aloe Vera

---

- Rich in vitamins & minerals
- High in essential fatty & amino acids
- Possesses strong odontogenic properties
- Helps with digestive process
- Support the cardiovascular system
- Boosts the immune system
- Reduces inflammation
- Increases the body's alkalinity
- Improves the metabolism & facilitates  
Moisturizes and lubricates the skin
- Rids the body of harmful toxins
- Fights bacterial, viral & fungal infections

# How It Works

The Aloe Vera used in Paradise Nutrients Mouth Mist is Australian grown and is certified organic.

Aloe Vera provides good results. When it comes to reducing inflammation of the lining of the bone cavities that communicate with the nose, it speeds up the healing of sinusitis. In addition, it will also help to combat nasal packing which in most cases prevents rest and sleeping well at night.

Aloe Vera concentrate can help us ward off other diseases and assist our immune system to destroy bacteria and viruses. Helping to protect the function of our cell membranes.

A 2014 study shows that Aloe Vera has proved to be a natural antiseptic, anti-inflammatory, antiviral and antifungal plant. It is very good in building up the immune system without causing allergic reactions or side effects.

# Peppermint Oil

Peppermint Oil comes from the Peppermint plant.

It has been used for many things, such as relieving GI discomfort, easing nausea, and alleviating pain.

While some of the proposed benefits of Peppermint oil come from anecdotal evidence. Research suggests Peppermint oil may be beneficial for IBS and other digestive conditions.

As well as pain relief, Bronchitis, the common cold, and respiratory infections. All these conditions can cause uncomfortable breathing problems. This is due to inflammation of the bronchial and nasal passages, causing an unpleasant restriction of air.

Another symptom, coughing, is also caused due to this inflammation and can keep you up at night.

Inhaling this oil or receiving it as a mouth mist helps relieve congestion of the sinuses, and helps prevent other problems including nasal congestion, asthma, bronchitis, cold, and cough.

# Sea Minerals

The Sea Minerals in Paradise Nutrients Mouth Mist are accumulated from a combination seawater and sea plant extracts, stored as carbonate salts and plant derived minerals.

---

PN Sea Minerals contains 74 trace minerals and carries oxygen that is freely released assisting the other plant compounds to be carried through the body and cavities providing both energy and healing. According to studies the exacerbation of chronic sinusitis is often polymicrobial, with anaerobic bacteria predominating.

Plant derived minerals are by far the most bioavailable minerals to the body. Metallic minerals that have not been through photosynthesis. Plant derived minerals are known as colloidal minerals and pass through cell walls, assisting the body at a cellular level.

Paradise Nutrients sea minerals have been tested for heavy metals and are extremely safe.
