

ALOE VERA MINERAL DRINK

Aloe Vera Mineral Drink is a nutritious fusion of liquid aloe vera and liquid veggiemin, designed to enhance your drinks with health-boosting properties. It's a simple and tasty way to make your beverages more nourishing.

BENEFITS

- ✓ Aloe Vera Mineral Drink provides digestive support, helping soothe the digestive system.
- ✓ It enriches your daily nutrition with essential vitamins and minerals.
- ✓ This drink offers refreshing hydration and is perfect for quenching your thirst.
- ✓ Its convenient incorporation into your daily routine makes it a practical choice.
- ✓ The infusion of Aloe Vera and Liquid Veggiemin enhances the taste and nutritional value of your drinks.

WHY IS IT UNIQUE?

Aloe vera contains over 200 plant compounds and has been traditionally known to possess strong odontogenic properties, helping with the digestive process, supporting the cardiovascular system, supporting the immune system, reducing inflammation, increasing the body's alkalinity, improving metabolism and assisting with weight management. It also moisturises and lubricates the skin, rids the body of harmful toxins and fights bacterial, viral and fungal infections.

INGREDIENTS

- Aloe Vera Juice
- PN Proprietary Mineral Blend
- Plant Derived Potassium Sorbate and Sodium Benzoate
- Citric Acid
