

Shell Advance SX 2 (solvent free)

Premium two-stroke motorcycle oil

Shell Advance SX 2 is a premium quality oil blended for on-highway two-stroke motorcycle engines. High viscosity index mineral oils, fortified by polyisobutylene synthetic base fluid, combine with carefully selected additives to produce a superior performance oil for today's two-stroke motorcycles.

DESIGNED TO MEET CHALLENGES

Performance, Features & Benefits

- Reduced smoke
- Extra power and smoother performance
- · Good engine cleanliness
- · Longer engine life
- · Selfmixing with leaded and unleaded petrol

Main Applications

 Two-stroke motorcycle engines with oil injection or premix system.

Shell Advance SX 2 should not be used in outboard engines. The appropriate Nautilus Oil is recommended for this application.

Specifications, Approvals & Recommendations

- JASO FB
- ISO EGB
- Shell Advance SX 2 meets industry specifications for twostroke oils.

For a full listing of equipment approvals and recommendations, please consult your local Shell Technical Help Desk.

Typical Physical Characteristics

| Properties | | | Method | Shell Advance SX 2 |
|---------------------|--------|-------|--------|--------------------|
| Kinematic Viscosity | @100°C | cSt | IP 71 | 9 |
| Density | @15°C | kg/m³ | IP 365 | 863 |
| Flash Point COC | | °C | IP 36 | 102 |
| Pour Point | | °C | IP 15 | -30 |

These characteristics are typical of current production. Whilst future production will conform to Shell's specification, variations in these characteristics may occur.

Health, Safety & Environment

· Health and Safety

Shell Advance SX 2 is unlikely to present any significant health or safety hazard when properly used in the recommended application and good standards of personal hygiene are maintained.

Avoid contact with skin. Use impervious gloves with used oil. After skin contact, wash immediately with soap and water.

Guidance on Health and Safety is available on the appropriate Material Safety Data Sheet, which can be obtained from your Shell representative.

Protect the Environment

Take used oil to an authorised collection point. Do not discharge into drains, soil or water.
