

STAIN REMOVAL GUIDE

-VERY IMPORTANT -

MAKE SURE TO DO THESE STEPS BEFORE LAUNDERING

Body Oil

- Wet the stain with water
- Put 5-10 drops of Dawn liquid dish soap onto stain
- Gently rub together under running water
- Launder as usual

Mascara & Make Up

- Use a fabric sponge
- Wet the sponge
- Add 10 drops of Dawn liquid dish soap to the sponge
- Gently scrub out make-up
- Launder as usual

Blood

- Wet the stain with cold water
- The person who bled will rub their own saliva into the spot
- Let the saliva sit for 10-15 minutes
- Rinse with cold water
- Launder as usual

Sweat & Potty Stains

- Sprinkle lemon juice on the stain
- Sprinkle table salt onto the stain
- Soak for 10-15 minutes
- Gently rub with a cotton cloth until stain is gone
- Launder as usual

Coffee & Red Wine

- Fill a 6 oz. spray bottle with 3 oz water, 2 TB Hydrogen Peroxide, 2-3 drops of Dawn liquid dish soap
- Shake hard, spray and soak the spot
- Do not rub/rinse. Just let it sit overnight, until stain dissolves
- Launder as usual

Food Stains

- Working from the back of the fabric, rinse with cold water to remove as much food as possible
- Add 3-10 drops of Dawn liquid dish soap
- Gently rub the liquid, onto stain
- Rinse with water
- Sponge with white vinegar
- Launder as usual

Tanning Lotions

- Make a paste of ½ cup baking soda and water
- Apply the paste to the stain
- Let sit for 30 minutes.
- Rinse with water
- Launder as usual

Ink

- Wet a cotton ball with rubbing alcohol
- Gently rub the stain until mostly gone
- Pre-treat with a few drops of Dawn liquid detergent
- Launder as usual

Body Odors

- Add 1/2 cup of white vinegar to either the soak or the rinse cycle, and it will remove odors from bacteria

How often to Launder

- If you have oily skin, or tend to sweat when sleeping; it's recommended to launder your linens weekly.
- If you shower before bed, and don't have oily skin; you can go up to 2 weeks.
