# LYNWOOD W76

With its elegantly refined aesthetics, the W76 not only enhances the visual appeal of wood heating but also revolutionizes the essence of the experience. Crafted from environmentally conscious materials, this cast-iron, non-catalytic fireplace has earned EPA certification, boasting an exceptionally low particle emissions rate.

Behind its expansive doors lies a combustion chamber designed to accommodate a remarkable quantity of logs, ensuring prolonged hours of warmth while adhering to the highest environmental standards. The W76 is a testament to the harmonious blend of aesthetic sophistication and eco-friendly functionality, offering a heating solution that is as visually appealing as it is environmentally responsible.

# TRADITIONAL SERIES | FIREPLACE & INSERT ELECTRIC FIREPLACES

## FIRE GLASS

Our decorative fire glass media is a beautiful addition to your fireplace. Turn your fireplace into a expressive work of art by simply adding our decorative fire glass media. Our fire glass adds a distinctly modern feel to your gas fireplace - mix colors and textures for a unique appearance.

Our decorative fire glass is tempered and will not melt or degrade, some discoloration is normal on glass that is placed directly on the flame. Always wear protective gloves when handling fire glass media.

One 5lb container of media will cover 1 square foot.
