

Connectors > Circular Connectors > Standard Circular Connectors

Product Type: **Connector**

Connector System: **Wire-to-Wire**

Number of Positions: **66**

Shell Plating Material: **Black Zinc**

Shell Material: **Aluminum Alloy**

Features

Product Type Features

Assembly Type	Electrical Connector
Product Type	Connector
Connector System	Wire-to-Wire
Shell Size	18
Connector Style	Plug
Shell Type	Metal

Configuration Features

Factory Installed Backshell	No
Keying	Key Polarization N
Number of Positions	66
Preloaded	No

Body Features

Environmental Protection	With
Environmental Protection Type	Sealed
Entry Style	Rear Insertion
Feedthrough Type	No
Shell Plating Material	Black Zinc
Shell Material	Aluminum Alloy
Insulation Material	Hard Dielectric/Silicone

Hermetically Sealed	No
---------------------	----

Contact Features

Contact Quantity (Size 22D)	66
Contact Layout Arrangement	18 – 35
Contact Type	Socket

Mechanical Attachment

Mating Retention Type	Coupling Ring
Flange	Without
Mating Alignment	With
Polarization Code	N
Mating Alignment Type	Keyed
Mating Retention	With

Dimensions

Assembly Length	33.5 mm
Wire Size	22 AWG

Usage Conditions

Fluid Resistance	Immersible
IP Dust Sealing Level	6
IP Water Sealing Level	7
Operating Temperature Range	-55 – 175 °C

Operation/Application

Durability Rating	500 Cycles
-------------------	------------

Other

Field Serviceable	Yes
-------------------	-----

Product Compliance

[For compliance documentation, visit the product page on TE.com>](#)

EU RoHS Directive 2011/65/EU	Compliant with Exemptions
EU ELV Directive 2000/53/EC	Compliant with Exemptions
China RoHS 2 Directive MIIT Order No 32, 2016	Restricted Materials Above Threshold
EU REACH Regulation (EC) No. 1907/2006	Current ECHA Candidate List: JUL 2019 (201)

Candidate List Declared Against: JAN 2019
(197)

Does not contain REACH SVHC

EU REACH Regulation (EC) No. 1907/2006

Current ECHA Candidate List: JUL 2019
(201)

Candidate List Declared Against: JAN 2019
(197)

Halogen Content

Not Yet Reviewed for halogen content

Solder Process Capability

Reflow solder capable to 245°C

Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulations, TE's information on SVHC in articles for this part number is still based on the European Chemical Agency (ECHA) 'Guidance on requirements for substances in articles' (Version: 2, April 2011), applying the 0.1% weight on weight concentration threshold at the finished product level. TE is aware of the European Court of Justice ruling of September 10th, 2015 also known as O5A (Once An Article Always An Article) stating that, in case of 'complex object', the threshold for a SVHC must be applied to both the product as a whole and simultaneously to each of the articles forming part of its composition. TE has evaluated this ruling based on the new ECHA "Guidance on requirements for substances in articles" (June 2017, version 4.0) and will be updating its statements accordingly.
