Porventura is a Portuguese brand at the intersection of national and global design.

Porventura (adv.):

CHANCE,
PERHAPS,
MAYBE.

Born in 2017, it has been reinventing traditional lines ever since. With a touch of whimsical, it challenges people's notions of routine actions like to sleep, sit, eat or work. Through the use of classic elements - starting with solid wood, but including fabrics, cork, metal, and others; and focusing on ergonomic techniques Porventura balances unexpected concepts, creating pieces that live in harmony with contemporary home life. There's a deep sense of collaboration at our core; everything you find here comes as a result of partnership between our award-winning designers and the talent, skill and know-how of seasoned craftspeople. Because, at Porventura, user experience is so meaningful, we invite you to browse this catalogue with curious eyes and see and feel our products in-store.

Sustainable Quality

We couldn't have it any other way. Working with small producers, artisans and craftsmen is part of what makes us unique and we feel it is our duty to support other businesses as we build our own. We believe in growing together, preserving traditions and resources for the next generations. This becomes possible through these partnerships and by carefully selecting materials and techniques that respect the times and needs of the planet and the arts.

Collective Design

Porventura believes in the power of togetherness and defines itself as a design collective. It builds on the very portuguese tradition of hosting people. At Porventura, we feel we're better for welcoming young designers from all over the world, acting as a platform and showcasing their immense talent. Because investing in design and people is part of our DNA.

Handmade

For us, it's a matter of touch. Beyond beauty and functionality, we aim to give our products a distinctive sensory quality. Each product is gently finished by a craftsman, individually polished to perfection by the seasoned hands of our partners before leaving the workshop or factory. This is our unique touch and we invite you to feel it. Feel the knowledge, care and tradition at the tip of your fingers.

Your forever home

In life, we'll have many addresses.
We'll bring life to many houses.
But we're always in search of that one home.

Because home is not a place but a feeling.

To sit down at the end of a long day.
To sit down for a meal. To sit for
work. To sit down while waiting.

When sitting is such an important
(and long) part of our days, the choice
of the right seat changes everything.
So, we recommend you sit down for
this one and think it through carefully.

There's nothing more essential than a good accessory. Accessories bring out the personality of your home. Their choice shows the world who you are in just a glance. They accent, elevate and customise the room. They are the “-er” in cosier, warmer, nicer. If furniture is the body, then accessories are the soul.

They stay in
their lane.
