

Décor Canvas Bright White

GDCBW

ILFORD GALERIE Décor Canvas Bright White is a cotton/polyester blend canvas with a bright white tint designed to offer high performance professional photographic and décor art reproduction printing.

The matt structure of the surface produces a more decorative effect by enhancing details such as texture. With its great stretchability and resistance to folding crack, it is suitable for high volume printing and framing production. For a more subtle weave we recommend using ILFORD GALERIE Décor Canvas Matt Cotton.

FEATURES

- Matt surface with bright white tint
- High resistance to cracking and scratches
- High stretchability
- Nanoporous Coating
- Fast drying for high-speed printing

OBA Content	Yes	
Acid Free	Yes	

CANVAS HANDLING TIPS

Before printing, please check that there are no loose fibres or debris on the canvas surface as this may lead to print errors.

As with any canvas it is possible that some debris may exist. ILFORD has taken great care to ensure that in general our products are free from loose fibres, but please check before you make the final print.

Finished canvas prints should be interleaved and handled carefully to prevent from scratches and damage.

ILFORD has a range of solutions to protect and enhance FineArt paper and Canvas prints.
