

# Video Conference System

**A high-quality Video Conference System that works seamlessly with your PC**

\*Monitor not included

---

## Features

USB Microphone with integrated extension arm

28" All-Metal Multi-Function Monitor Stand

6" Adjustable Ring Light and HD Web Cam

4 Port USB-3.0 Hub

# Everything you need for uncompromised video, podcasting and webinars.

AllCast takes the guesswork out of assembling a high-quality Video Conferencing System. The microphone, light and HD webcam deliver superior audio and video performance while providing maximum convenience and control via our exclusive Multi-Function Monitor Stand (MFMS).

It features a fully integrated microphone extension arm and accommodates up to two 27" flat screen monitors. In addition, specialized mounting brackets support the included ring light and webcam and it has a convenient 3-way mounting system that makes it a snap to mount on any desk, table or workstation.

## Great Sound Starts with a Great USB Microphone

We've also included a 4-port USB 3 hub and extension cable, so connection to your PC system is smooth and simple, eliminating the need for extra cables or parts.

## A Fully Matched Video Conference System with a Multi-Function Monitor Stand

\*Monitor not included

AllCast's studio-grade condenser USB microphone delivers superb sound, ideal for use with both voice and instruments. The mic's cardioid polar pattern rejects extraneous sound from the sides and rear, so it's perfect for studio broadcast recording.

The USB connector provides Plug-and-Play 48kHz /16-bit resolution with PC, Mac and type C mobile devices.

The mic mounts directly to the Multi-Function Monitor Stand's extension arm, extending up to 24" when in use, then handily retracting out of the way when you're done.

Daylight Mode

Incandescent Mode

## Dimming Video Light with Dual Color Temperature Mode

The right light is essential for looking great. AllCast's 6" Ring Light provides dual-mode color temperature selection as well as a dimmer to control the light intensity. Select from daylight color temperature (5500k) or incandescent color temperature (2700k) for the best color hues, making facial images look as natural as possible. You can adjust the light level from soft to intense, for just the right visual effect.

## Conveniently Integrated Ring Light Controls

The Ring Light controls are conveniently mounted next to the microphone on the integrated microphone extension arm.

## Full HD Webcam

AllCast delivers crystal clear, 1080P resolution, for outstanding video detail, color and clarity. The multi-layer self-focusing lens automatically maintains maximum contrast. Its Plug-and-Play design connects easily to PC without any additional drivers.

The specially designed mounting bracket assures a solid mount to the Multi-Function Monitor Stand as well as precise center placement within the 6" Ring Light, delivering optimum illumination.

Lens: HD Lens

Sensor Type: CMOS

Video Format: AVI

## More than a monitor stand!

The Multi-Function Monitor Stand provides all the mounting functions you'd expect, plus so much more.

### THREE WAYS TO MOUNT

We include mounting hardware for three types of popular mounting styles:

- Desktop
- Clamp
- Grommet

Perfect for when changes require an alternate mounting configuration.

DESKTOP

CLAMP

GROMMET

## Single or Dual Monitor Arms

Have two monitors? No worries, we have it covered. AllCast provides both single and dual monitor mounting arms with the Multi-Function Monitor Stand.

Start off with a single monitor and when ready, swap the single arm mount for the dual arm mount. The Monitor Stand supports up to two 27" monitors.

\*Monitors not included

---

### Integrated Mic Arm With Ring Light Controls

An AllCast exclusive! You can extend the mic 24" for perfect positioning during your video conference, then retract the mic out of the way when not in use.

In addition, all Ring Light controls are mounted conveniently next to the mic for easy access.

---

### 4 Port USB 3.0 Hub

Say goodbye to all those messy wires. Easily connect the mic, light and camera to the included USB 3.0 Hub with a single cable to your PC.

---

### Ring Light/Webcam Mount

Integrated mounting plates securely position the HD Webcam in the center of the 6" Ring Light, providing optimum light dispersion regardless of camera angle.

---

## Extras

Wired Earphones

Wired Headphones

### Bluetooth Transmitter

Use your favorite wireless Bluetooth earbuds or headphones with AllCast. Works with any brand and transmits up to 33 feet distance. Rechargeable battery and portable.

### Wireless Bluetooth TWS Earbuds

True Wireless Stereo (TWS) provides the best fidelity when listening to music. Can be used with any phone. Must be used with BT Transmitter when used with AllCast.
