

Eliminate aerosols dusters (a.k.a. canned air) that expose you, your family and co-workers to chemicals which emit harmful vapors and leave a residue on your sensitive materials and equipment. The **POWERCLEAN CO2 MINI** uses pure and natural carbon dioxide gas (CO₂) that is non-toxic, non-flammable and will not leave a residue.

EASY TO USE

Simply drop a 16 gram carbon dioxide gas cylinder into the reusable spray valve, tighten the grip and press the trigger. The CO₂ will deliver a powerful stream of clean and dry carbon dioxide gas. The CO₂'s small size makes it much easier to handle than aerosols and more portable.

BETTER FOR YOU and THE EARTH

We use only **FOOD GRADE** CO₂ gas (the same purity gas found in soda pop). No worries about breathing in hazardous fumes and vapors since CO₂ gas is part of the Earth's natural "Cycle of Life" (plants absorb carbon dioxide gas and produce oxygen). Even the empty steel cylinder are 100% recyclable!

POWERCLEAN CO2 MINI

Contains:
 1 each - Reusable Trigger Spray Valve
 1 each - 3" Fine Tip Spray Nozzle
 3 each - 16 gram non-treaded CO₂ Gas Cartridges

ADDITIONAL CO2 MINI PRODUCTS

REFILL PACK: 3 each 16 gram CO₂ Cartridges
DELUXE KIT: Spray Valve & 5 16g CO₂ Cartridge with Nylon Zipper Travel Case

USE WITH CONFIDENCE

The POWERCLEAN CO₂ MINI delivers outstanding cleaning performance with unparalleled health and safety benefits, backed with a full one year warranty.
