Avoid extreme heat, cold, and humidity. Avoid dropping or crushing the earbuds. Wax may build up in the earbud tips, lowering the sound quality. Carefully remove the wax with a cotton swab or other small tool to improve the sound quality. If you experience discomfort or pain, try lowering the volume or discontinuing use temporarily. If you experience regular discomfort while using this product, discontinue use and consult your physician. We recommend you treat your earbuds as you would a nice pair of sunglasses and keep them in safe location when not in use.
