

ARMOR

SX™HP LEVEL IIIA BALLISTIC PANEL

Experience the next level of personal protection with the Safariland SX™ HP. The thinnest, lightest, and most protective hybrid ballistic armor on the market. Engineered with groundbreaking technologies and cutting-edge materials from Avient®, Honeywell®, and Dupont® to provide a 20% weight reduction and a 20% increase in ballistic performance.

Available in male and female unstructured styles, with an additional female structured option for precise, tailored protection. The updated design enhances concealability and ergonomics, ensuring maximum comfort for even the most discerning officers. Discover next-level protection without compromising on comfort or safety.

The Safariland SX™ HP redefines what's possible in ballistic defense.
