ORDERING

Orders are taken on a strictly first come first served basis.

Once we have received your order, we will check availability and confirm your order.

Please do not send payment till we confirm your order.

We reserve the right to withdraw a bulb if the quality is not acceptable. The majority of our stock is potted in August and then they are bare-rooted before dispatch. We cannot inspect the bulb until this point.

The bulbs are sent out in damp moss, and need to be potted as soon as possible

on receipt. Dispatch is usually January-March. Unless for instance, the order was for all *G. regina-olgae*. In that case they would be sent earlier.

It is our aim to provide top quality bulbs.

Orders can also be collected from plant fairs that we attend. The bulbs will still be bare-rooted, and packed in damp moss.

Any questions please email me at edulisnursery@gmail.com.

Happy growing!

Paul & Tete
