CUPCAKES

A Sweet B's cupcake is not your ordinary cupcake. We pride ourselves in giving you flavour options you won't find just anywhere. Don't see what you're craving? Let us know! We've been known to create flavours based on our customer's needs.

Advanced orders require a minimum order of 1/2 dozen per flavour. We recommend 'baker's choice'....a mix of our favourites!

We bake 6 different flavours everyday in house on a random rotation

'COURTESY OF' FLAVOURS

The flavours you see marked as 'courtesy of' were submitted by some lovely folks as part of our crowd funding campaign. Without these individuals, Sweet B's would not be what it is today. These individuals were given the 'perk' of a cupcake flavour of their choice permanently added to our menu in lieu of their generous donations.

THANK YOU so much to each and every one of you for your ideas, submissions and enthusiasm towards our sweet ideas. You're all amazing!

To learn more about our story, ask away! We love to share how we got to open our cute little store front on Bradford's main drag.
