

COFFEE

\$2.75

we are proud to brew your coffee using any of these methods:

fresh pour over 12 oz

this is our version of “drip” style coffee. we grind fresh, use filtered water, and manually pour your coffee on the spot.

espresso/cortado/macchiato 2 oz

these drinks are made using pressurized extraction from our espresso machine.
(double shot of espresso)

americano 12 oz

using espresso method of extraction, we add hot filtered water to dilute the double espresso, but turn it into a full bodied 12 oz coffee.

aeropress® 6 oz-12 oz

using pressure extraction “by hand” with a patented piston developed by an american inventor, you get a coffee that has the flavour of an americano, the body of a french press, and the cleanliness of a filtered drip.

french press 12 oz

using a full immersion method, we steep your coffee for 5 minutes, then strain with a mesh filter, resulting in a a very full bodied coffee, with full oils & a bit of sediment.

O-JOE coffees are selected based on their extremely high quality, ethical sourcing, eco-friendliness, and social justice. Quite a few of our coffees and blends support The Café Femenino Foundation, which pays women co-operatives more than the fair-trade price for their efforts. On top of this, O-JOE supports the local Women’s Rural Resource Centre, so by purchasing O-JOE coffees, you are helping communities abroad and right here at home - in Strathroy Caradoc!

MILK BASED COFFEE

we are proud to make any of the following milk based drinks for you:
(organic almond milk or coconut milk available)

latté

\$3.75 12 oz

double espresso shot, integrated with frothed milk. a smooth, silky beverage with sweetness from the milk.

cappuccino

\$3.75 12 oz

coffee lovers from all over the world will argue as to what is a true cappuccino. we believe that it is a double shot of espresso with a bit of steamed milk poured over the espresso, while we hold back the foam, then scoop the foam on top of the drink to finish it off. we still give you the full 12 oz cup. if you have a variation you want us to craft for you, let us know!

flat white or portuguese galaõ

\$3.75 12 oz

an accurate description of these drinks is disputed throughout the world. our version of these very similar drinks is to pull an espresso shot, steam milk but ensure that the micro-foam is fully integrated throughout so that you get a full cup, with minimal foam on the surface. if you feel strong about your recipe and want to tell us your version of this drink, we'd be happy to craft it your way!

midday mocha

\$3.95 12 oz

double espresso shot, organic chocolate syrup, steamed milk, topped with cacao dust.

caramel-mocha

\$3.95 12 oz

double espresso shot, organic caramel & chocolate syrup, steamed milk, topped with cacao dust.

vanilla latté

\$3.95 12 oz

double espresso shot, organic vanilla syrup, steamed milk.
