by Freddy Ramirez

## Expect The Unexpected

I had the unexpected honor of being part of Sid Roth's It's Supernatural! Show in late 2023 with the episode airing early 2024. But before that episode airs, I want to share with you a behind the scenes perspective on how it happened and my experience as it all did come out of nowhere.

In August of 2023, I was in a prayer

retreat

in CA. The day after the retreat I get a call from an unknown number. I usually

don't

pick up numbers I do not recognize but

picked this one up and the first thing I

We developed a friendship rather quickly, and as I shared multiple of my encounter stories and others in the ministry, Sid made a comment to me that surprised me. He said, "It has been a long time since I've met someone like you." I've heard many others tell me this but to quite frankly I never paid any attention to it, as what others call supernatural and peculiar has been common for me since I was a child.

But it's different coming from Sid, a man who has interviewed so many great prophetic voices over decades. This open door was purely the hand of God at work, God is heavy at work as I am preparing to be back in the studio later this month for a different project which I will share on my social media at the end of this month.

There is a new movement on the

earth,

and it's the revelation of the glory of God, and it is going to go global! Are

you

willing to be part of it?
