WARNINGS/IMPORTANT NOTES

- Only use to secure Aqua umbrellas - not approved for other models.
- Compatible with 1.375", 1.5", & 2" Umbrella pole diameters.
- Not for use in pool.

CLEANING AND CARE

- Hand wash with soap & water only.

PARTS INCLUDED

x1 Fill Cap

x1 Receiver Cap

x1 1.375" Reducer

x1 1.5" Reducer

x1 Pole Brace

x1 Screw

x1 Allen Wrench

x1 Base Reservoir

x1 Receiver Pole

ASSEMBLY

STEP 1: Assemble the pole receiver assembly by inserting the 1.5" reducer into the top of the pole and screwing the receiver cap onto the threads on the pole.

Note - If your umbrella pole has a 2" diameter, you will not need the 1.5" reducer piece in this step.

All AQUA umbrellas have 1.5" diameter poles.

STEP 2: Insert the pole receiver assembly into the base reservoir as shown. Firmly press on the pole receiver assembly to make sure it is seated correctly.

ASSEMBLY

STEP 3: Insert the metal pole brace piece into the cavity at the bottom of the base reservoir. Press firmly to ensure the piece is seated correctly.

Insert screw through the center hole and use the included allen wrench To attach the pole receiver assembly from below. Tighten to secure.

STEP 4: Once the pole receiver has been secured to the base reservoir, unscrew the fill cap on the base and fill base reservoir with water. Add chlorine tablet to prevent algae or mold. Replace fill cap once full.

ASSEMBLY

STEP 2: Loosen the top ring on the pole receiver assembly, insert the umbrella pole, and then re-tighten the top ring to secure the umbrella in the base. Assembly complete.
