

File It! Information Guide

File It! E-file Range

Welcome to the ultimate destination for professional nail care! Say hello to the **File It! E-file Range** from HD Professional Nail Systems™—where precision meets luxury.

File It! Pro

The File It! pro is the ultimate desktop e-file for professional use only. Designed to deliver precision, power and ease of use, the state-of-the-art e-file is packed with advanced features to enhance your nail care experience. Simplify your workflow with the smart play/pause control, featuring the convenience of start/stop effortlessly keeping your chosen speed.

File It! Luxe

The File It! Luxe is the ultimate portable e-file tried and tested by professionals for professionals. With its sleek, acetone-resistant finish and innovative features, this e-file offers unparalleled performance and convenience.

It is equipped with a HD display, allowing users to view the speed clearly. Ensuring precise control and overall user experience. Complementing this is the unrivalled high torque, ultra-smooth motor, which operates quietly and without vibrations - providing a comfortable and efficient working environment.
