EMPIRE MEDICAL UK LTD

EMPIRE MEDICAL UK LTD

As a leader in the Health Industry & official supplier to The NHS in United Kingdom, Empire Medical has a wealth of knowledge and expertise that's incomparable. We utilize this experience to provide both companies and individuals with quality and innovative products they can truly count on.

Empire Medical manufactures and supplies high-quality medical equipment for surgery and operation theatre, covering a wide range of products for surgeries and personal safety from head to toe. The company was founded by Zain Gosha after he graduated from one of the top universities of London, Queen Mary. The company was founded on the principles of producing and supplying the highest quality medical equipment for life saving surgeries performed by world class surgeons and safe surgery solutions for surgeons and front-line workers.

German Engineering:

Our tools are designed in Germany, manufactured in the UK, professionally tested, made with finest highest quality and fully compliant raw material. Safe for environment.

Instruments you can trust:

Our innovative products have been used in millions of operating theatres and electrosurgical procedures in hospitals and surgical centres worldwide.

Upgrading the Health Industry:

Our products are designed to deliver innovation and value, providing physicians and surgeons with significant, clinical and economic outcomes.

In addition, we ensure that we stay ahead of the industry curve by using the latest technologies. Rest assured that no matter what you need, you can rely on us to provide the absolute best.

EMPIRE MEDICAL UK LTD

“By Your Side”

Going Green:

While Empire Medical your health care partner makes sure that the products and services we manufacture are as sustainable as possible, with the lowest environmental impact and most positive social results.

In 2018, we integrated Environmental Sustainability into the core of our business through the key pillars of sustainable manufacturing which will change how we make, what we make and Embed our environmental commitments into our manufacturing processes.

We have identified several key areas which we believe are materials to all our stakeholders and to us as a responsible business.

We have identified several key areas which we believe are materials to all our stakeholders and to us as a responsible business.

Use of De Gradable:

At Empire We recognize that climate change is a real challenge to our communities, our ecology and our operations but we also realize it poses an opportunity to do what is right and to make a real difference in how we operate as a business. So, we will replace all our poly bags with Bio-degradable materials by 2024. We are already implementing biodegradable packaging on most of our products.

Support a Thriving Planet:

Deforestation is a worldwide issue. We took a long look and realize that the land built on by Empire was a climax forest at some point in the past. We currently operate on 10 acres of land. We aim to match this footprint by planting trees at 10 acres of land by 2025.

Use Less Water:

By 2025 we will drop our water intensities by 45% through innovation, efficiency and a series of unique projects.

Reuse of Wastewater:

We will treat and reuse our wastewater and reduce it by 50% by 2025.

Zero Toxic:

Our products and our processes to be free of all hazardous chemicals by 2025.

Empire

EMPIRE MEDICAL UK LTD

“By Your Side”

Research & Development:

Empire has well equipped research & development lab for excellent Development with continuous research for products and process innovation. We offer OEM also and we can also customize the product design and being Tier 1 manufacturers produce them as you require.

Mission Statement:

“Taking the Pain out of Medical Procurement.”

Company Vision:

“To Upgrade the Health Industry with new innovations.”
