BESTOLIFE® No. 270®

DESCRIPTION
The original BESTOLIFE® No. 270® is a patented formulation for rotary-shouldered connections. It combats galling, seizing, and downhole makeup.

APPLICATIONS
Premium drill collar compound provides maximum protection. Recommended for drill collars, tool joints, casing, tubing, pipe joints, studs, bolts, nuts and screws, gaskets, high temperature flange connections, pumps, exhaust lines and pipeline connections.

TECHNICAL DATA
BESTOLIFE® No. 270® is a superior thread compound that contains over 60% pure metallic lead and special non metallic additives in a high quality base grease formulated with oxidation inhibitors. This premium compound provides maximum protection of drill collars, drill pipe and all threaded connections. BESTOLIFE® No. 270® provides a stable seal under all conditions and is not attacked by H₂S or drilling fluids.

NOTES
A safety data sheet is available from the manufacturer. Do not use on oxygen lines or in oxygen enriched atmospheres.
